Catholic Moment:

A Brief Apology for a Catholic Moment Jean-Luc Marion, 2021-05-03 A timely new work by one of France's premier philosophers A Brief Apology for a Catholic Moment offers insight into what catholic truly means In this short accessible book Jean Luc Marion braids the sense of catholic as all embracing and universal into conversation about what it is to be Catholic in the present moment A Brief Apology for a Catholic Moment tackles complex issues surrounding church state separation and addresses a larger Catholic audience that transcends national boundaries social identities and linguistic differences Marion insists that Catholic universalism with its core of communion and community is not an outmoded worldview but rather an outlook that has the potential to counter the positivist rationality and nihilism at the core of our current political moment and can help us address questions surrounding liberalism and religion and what is often presented as tension between Islam and the West As an inviting and sophisticated Catholic take on current political and social realities realities that are not confined to France alone A Brief Apology for a Catholic Moment is a valuable contribution to a larger conversation
