

How to get Finicky cats to eat

and why they act finicky

NO

Cats can have all sorts of odd behavior sticking around them. They can be stern and quiet this day, but playful and cuddly the next day. With their notable behavior, cats can also be a lot stubborn. And for cat owners out there, your cat acting picky over her food is never a new scenario. Unlike dogs, cats have high regards to themselves, thinking they're like great royalties in the house. And this can be pretty summed up when your cat starts to lift that tiny nose and whiskers and leave the food untouched.

HERE'S WHAT YOU NEED TO DO

Make that little pang of hunger work

- Get rid of free-feeding. Hungry cats are always the best eaters.

Make meals exciting for your cats

- You may try adding some "toppings" to make meals more tempting your cats simply couldn't resist.

Prepare cat meals with love

- Above all, every meal prepared and poured with love always works best!
