Celebrating An Authentic Passover Seder:

The Many Faces of Judaism Lemuel Baker Phd,2012-02-29 Over the past 10 years there has been a keen interest in Jewish Studies as it relates to Christianity and I wanted to help bring authentic information regarding Judaism to several audiences that will bring each from a near ideologue to ideologues As I traveled I noticed some people were familiar with terms from Judaism but did not know the meaning of the terms traditions or protocols I hope to lay a foundation of Judaism with Christians media professionals and those who serve politically There are several compelling reasons to present Judaism to an audience that are interested in the Jewish roots of the Christian Bible There is an apologetic perspective whereby many Christians have nagging questions about the Bible and even frustrated regarding where to find the actual answers This book provides many of those answers God requires all Christians to have understanding about Christianity and the belief system they adhere to The answers to Judaism as it pertains to our Old and New Testament are not obvious and require a command of Judaism to include the Tanakh and the Talmud that provide answers and explanations of what the Old and New Testaments are really saying Any person who reads this 179 page book will have a command of Judaism and how it relates to Christianity that is above average and will also have an authentic perspective not a romantic perspective Christianity without realizing it can push Jews far from them especially Orthodox Jews because we do not understand their scheme of thinking and how esoteric their beliefs are To connect with Jews one must understand how they think and find the wisdom regarding their beliefs and values The book is powerful and will provide insight as to Israel and their *raison d'etre* or the purpose that justifies a things existence Israel was designed to be a leadership nation to the entire world and is still in birth pains with regards to this God ascribed objective To give you a hint to some of the conclusions I will share this much with you God has given every people group a purpose in relationship to the entire world to make a unique contribution The ancient Phoenicians contributed mathematics for example that benefited the entire planet The Greeks contributed literature that are still beloved writings of antiquity for the entire planet to enjoy Israel is the only nation and people group given the two fold objective to receive the law directly from God and secondly to disseminate Gods law to the entire planet These laws are the only laws that could keep the planet sound and congruent to Gods system and His way of doing things In the midst of this two fold purpose God chose Israel to bring forth our Messiah Only Israel was set aside to bring forth Messiah who would save the entire world If it werent for Judaism there would be no Christianity The Christian Old Testament is translated verbatim from the Tanakh or the Jewish Bible in a different sequence but the books are the same I have given you much from the book already but there is a lot more so enjoy the book and may God answer many of your questions

these time markers today Yes we can In The Day Jesus Died using biblical historical archaeological and literary information of that century readers will trace the time of Jesus death to the very hour of the very day of the very year that the Savior was crucified This is not some hocus pocus pseudo science This is the real deal Based on eyewitness historical and literary accounts and relying on the methods of telling time in the first century readers can pinpoint the hour Jesus said It is finished It s almost like being there

[Table and Temple](#) David L. Stubbs,2020-09-17 In most modern discussions of the Eucharist the Jewish temple and its services of worship do not play a large role They are often mentioned in passing but little work is done in grounding organizing or explicating the connections between these things and the Eucharistic celebration In Table and Temple David Stubbs sheds light on the reasons for this neglect and shows the important role the temple and its worship played in the imagination of Jesus and his disciples about what was to become a central Christian practice He then explores the five central meanings of the temple and its main services of worship demonstrating their relationship to the five central meanings of the Christian Eucharist These central meanings of the temple itself the daily weekly and monthly sacrifices and the three pilgrim feasts are linked to the history of salvation Stubbs distills them to 1 the real presence of God and God s Kingdom among God s people 2 thanksgiving for creation and providence 3 remembrance of past deliverance 4 covenant renewal in the present and 5 a hopeful celebration of the feast to come They provide a solid ground upon which to organize contemporary Christian Eucharistic imagination and practice Such a solid ground not only expands our theology and enriches contemporary practice it can also bring greater ecumenical unity to this central Christian rite
