Essential Novelists - Ann Radcliffe August Nemo, Ann Radcliffe, 2019-04-04 Welcome to the Essential Novelists book series where we present to you the best works of remarkable authors For this book the literary critic August Nemo has chosen the two most important and meaningful novels of Ann Radcliffe which are *The Castles of Athlin and Dunbayne* and *A Sicilian Romance* Ann Radcliffe was one of the most representative of English Gothic novelists She stands apart in her ability to infuse scenes of terror and suspense with an aura of romantic sensibility There is little physical horror in Radcliffe's tales of terror and elements that seem to be supernatural are usually found to have some rather disappointing natural explanation Her characterization is usually weak her historical insight is almost nonexistent and her stories abound

in anachronisms and impossibilities But Radcliffe's admirers cared as little for realism or accuracy as she did They reveled in her romanticized views of nature her intimations of evil and her prolonged scenes of suspense Novels selected for this book The Castles of Athlin and Dunbayne A Sicilian Romance This is one of many books in the series Essential Novelists If you liked this book look for the other titles in the series we are sure you will like some of the authors *The Poems of Mrs. Ann Radcliffe ...* Ann Radcliffe, 1816 [The Critical Response to Ann Radcliffe](#) Deborah Rogers, 1994 Ann Radcliffe was one of the most influential women writers of the 18th century Best known as the author of *The Italian* and *The Mysteries of Udolpho* she contributed to the rise of the English novel and the development of the female gothic This book brings together for the first time almost one hundred documents on her work including contemporary reviews letters diary entries the most important critical assessments and several new pieces The volume begins with an extensive introductory essay on Radcliffe's work and the critical reception of it The chapters that follow consist of chronologically arranged critical analyses of particular works by Radcliffe Several chapters then present general critical responses to her writings The book concludes with a bibliography of selected additional readings [The Mysteries of Udolpho](#) Ann Radcliffe, 2016-03-04 Ann Radcliffe nee Ward 9 July 1764 7 February 1823 was an English author and pioneer of the Gothic novel Her style is Romantic in its vivid descriptions of landscapes and long travel scenes yet the Gothic element is obvious through her use of the supernatural It was her technique the explained supernatural the final revelation of inexplicable phenomena that helped the Gothic novel achieve respectability in the 1790s **The Poetry of Ann Radcliffe** Ann Radcliffe, 2014 Ann Radcliffe was born Ann Ward on 9th July 1764 in Holborn central London to parents William and Ann For writer who illuminated her times very little is known of her life Her father was a haberdasher and the family eventually moved to Bath and lived in well to do gentility Ann married journalist William Radcliffe an Oxford graduate the owner and editor of the *English Chronicle* in 1788 The couple's marriage was happy but childless Radcliffe's career was all consuming Ann spending most of her time at home with no children or husband began to develop a literary career to make use of this spare time It is thought that she would read her writings to him and that he encouraged her to write Her first novels *The Castles of Athlin and Dunbayne* 1789 and *A Sicilian Romance* 1790 were published anonymously She achieved a wide fame with her third novel *The Romance of the Forest* 1791 a tale of 17th century France Her next novel *The Mysteries of Udolpho* 1794 turned her into the most popular novelist in England Such was the interest in her that the famed Christina Georgina Rossetti wished to write a biography of her but abandoned the project as there was scant information to use However we do have her books six novels in total of which five number several volumes each They demonstrate her demonstrate vivid descriptions and strong characterisations of tender heroines She was a pioneer of the Gothic romance adding suspense and sensibility to give the genre a respectability and widespread popularity that it had never previously enjoyed Strangely she travelled little her only journey abroad to Holland and Germany was made in 1794 after most of her novels had been published It is said many of her beautiful descriptions come from paintings that

others painted of the scenes There is no explanation for why at the age of thirty two the most popular writer of her times stopped publishing though there is a vast amount of speculation many years prior to her death on 7th February 1823
