COMMENTARY

It has been said that Napoleon Hill and his philosophy of success have made more millionaires than any other person in history. It might equally well be said that Napoleon Hill inspired more motivational experts than any other man in history. Napoleon Hill was, and more than thirty years after his death continues to be, America's most influential motivational author. That is due partly to the fact that he came to prominence at the beginning of the age of mass communications, but it is due in even larger part to the diligence he applied to the research upon which he based his seventeen principles that comprise the Law of Success.

It is practically impossible to find a motivational speaker who does not draw upon Hill's work. His influence can be seen in the writings of his early peers, Dale Carnegie and Norman Vincent Peale. Later, many successful authors and speakers such as W. Clement Stone, Og Mandino, Earl Nightingale, and Chicken Soup for the Soul author Mark Victor Hansen worked directly with either Napoleon Hill or the Napoleon Hill Foundation. Echoes of Hill's principles can be seen in books by people as diverse as Jose Silva, Mary Kay Ash, Dr. Maxwell Maltz, Shakti Gawain, Wally "Famous" Amos, and Dr. Bernie Siegel. Anthony Robbins, arguably the most successful motivational speaker in recent times, has often cited Napoleon Hill as his inspiration, and bestselling author Stephen R. Covey's 7 Habits of Highly Effective People can be found in the seventeen principles Hill wrote about more than seventy years earlier.
