Geological Survey Water-supply Paper Geological Survey (U.S.), 1958 *Haunted Border* Patrick Dearen, 2022 Elmer Kelton Award Winner Spur Award Winning Author Patrick Dearen Fast paced gripping and exciting An unusual but interesting concept for a western story Historical Novel Society In 1870 Jake Graves faced a choice allow Comanches to carry off his sister or shoot her Unwilling to fire he has been tortured for decades by the brutal end that he could have spared her The incident bred in him a hatred for Indians that persists to this day in 1917 on the Cross C Ranch on the Texas Mexico border Now Jake learns that his daughter Dru wants to marry Apache foreman Nub DeJarnett Even before Jake can process the news Mexican bandits kidnap Dru and her cousin Ruthie The bandit leader Renter a considers himself a tlahuelpuchi a shape shifting agent of evil and he needs the women s blood to survive Whether man or monster Renter a is a killer Through a stretch of Chihuahuan Desert teeming with mystery Jake and Nub take up the chase on horseback for Renter a believes that Dru is his reincarnated sister and plans to slay her on the Rio Grande where his sister became his first kill *Haunted Border* is based on a taped account by a survivor of the true life Brite Ranch Raid of 1917 **The Defoliation of America** Amy Marie Hay, 2021-12-14 In *The Defoliation of America* Amy M Hay profiles the attitudes understandings and motivations of grassroots activists who rose to fight the use of phenoxy herbicides commonly known as the Agent Orange chemicals in various aspects of American life during the post WWII era First introduced in 1946 these chemicals mimic hormones in broadleaf plants causing them to essentially grow to death while grass grains and other monocots remain unaffected By the 1950s millions of pounds of chemicals were produced annually for use in brush control weed eradication other agricultural applications and forest management The herbicides allowed suburban lawns to take root and become iconic symbols of success in American life The production and application of phenoxy defoliant continued to skyrocket in subsequent years encouraged by market forces and unimpeded by regulatory oversight By the late 1950s however pockets of skepticism and resistance had begun to appear The trend picked up steam after 1962 when Rachel Carson s *Silent Spring* directed mainstream attention to the harm modern chemicals were causing in the natural world But it wasn t until the Vietnam War when nearly 40 million gallons of Agent Orange and related herbicides were sprayed to clear the canopy and destroy crops in Southeast Asia that the long term damage associated with this group of chemicals began to attract widespread attention and alarm Using a wide array of sources and an interdisciplinary approach *The Defoliation of America* is organized in three parts Part 1 1945 70 examines the development use and responses to the new chemicals used to control weeds and remove jungle growth As the herbicides became militarized critics increasingly expressed concerns about defoliation in protests over US imperialism in Southeast Asia Part 2 1965 85 profiles three different women who influenced by Rachel Carson challenged the uses of the herbicides in the American West affecting US chemical policy and regulations in the process Part 3 1970 95 revisits the impact and legacies of defoliant use after the Vietnam War From countercultural containment and Nixon s

declaration of the War on Drugs to the toxic effects on American and Vietnamese veterans civilians and their children it became increasingly obvious that American herbicides damaged far more than forest canopies With sensitivity to the role gender played in these various protests Hay s study of the scientists health and environmental activists and veterans who fought US chemical regulatory policies and practices reveals the mechanisms obligations and constraints of state and scientific authority in midcentury America Hay also shows how these disparate and mostly forgotten citizen groups challenged the political consensus and were able to shift government and industry narratives of chemical safety *Notes on Mexican Folk-lore* Franz Boas,1912 **La ciudad de los palacios** Julio Sesto,1917 **Los Angeles** Eleanor Harris,Claudia Harris Lichtig,2004-11 Escape from Los Angeles for a day or a weekend with these 20 minivacations Itineraries include chic shopping in La Jolla an island getaway to Santa Catalina and sun and snow at Lake Arrowhead and Big Bear Lake Each escape includes recommended restaurants and accommodations as well as information on special events attractions and more **The Journal of American Folklore** ,1914 **Esquire** ,1978-07 **El folklore literario de México** Rubén M.
