Case Of Wagner:

The Case of Wagner Friedrich Wilhelm Nietzsche, 1924 **The Case of Wagner, Nietzsche Contra Wagner and Selected Aphorisms** Friedrich Wilhelm Nietzsche, Nietzsche wrote the rough draft of *The Case of Wagner* in Turin during the month of May 1888 he completed it in Sils Maria towards the end of June of the same year and it was published in the following autumn *Nietzsche contra Wagner* was written about the middle of December 1888 but although it was printed and corrected before the New Year it was not published until long afterwards owing to Nietzsche's complete breakdown in the first days of 1889 In reading these two essays we are apt to be deceived by their virulent and forcible tone into believing that the whole matter is a mere cover for hidden fire a mere blind of sthetic discussion concealing a deep and implacable personal feud which demands and will have vengeance In spite of all that has been said to the contrary many people still hold this view of the two little works before us and as the actual facts are not accessible to every one and rumours are more easily believed than verified the error of supposing that these pamphlets were dictated by personal animosity and even by Nietzsche's envy of Wagner in his glory seems to be a pretty common one Another very general error is to suppose that the point at issue here is not one concerning music at all but concerning religion It is taken for granted that the aspirations the particular quality the influence and the method of an art like music are matters quite distinct from the values and the conditions prevailing in the culture with which it is in harmony and that however many Christian elements may be discovered in Wagnerian texts Nietzsche had no right to raise sthetic objections because he happened to entertain the extraordinary view that these Christian elements had also found their way into Wagnerian music To both of these views there is but one reply they are absolutely false In the *Ecce Homo* Nietzsche's autobiography a book which from cover to cover and line for line is sincerity itself we learn what Wagner actually meant to Nietzsche On pages 41 44 84 122 129 and if he used the name of David Strauss without bitterness or spite for he did not even know the man when he wished to personify Culture Philistinism so in the same spirit did he use the name of Wagner when he wished to personify the general decadence of modern ideas values aspirations and Art *The Case Of Wagner, Nietzsche Contra Wagner, and Selected Aphorisms.* F W Nietzsche, 2020-02-15

The Case of Wagner German *Der Fall Wagner* is a book by the philosopher Friedrich Nietzsche originally published in 1888 Subtitled *A Musician's Problem* it has also been known as *The Wagner Case* in English *Nietzsche contra Wagner* is a critical essay by Friedrich Nietzsche composed of recycled passages from his past works It was written in his last year of lucidity 1888 1889 but was not published until 1895 six years after his mental collapse Nietzsche describes in this short work why he parted ways with his one time idol and friend Richard Wagner Nietzsche attacks Wagner's views expressing disappointment and frustration in Wagner's life choices such as his conversion to Christianity perceived as a sign of weakness Nietzsche evaluates Wagner's philosophy on tonality music and art he admires Wagner's power to emote and express himself but largely disdains what Nietzsche calls his religious biases **The Case Of Wagner** Friedrich Wilhelm Nietzsche, 2019-06-23

The Case of Wagner is a book by the philosopher Friedrich Nietzsche originally published in 1888 Subtitled A Musician's Problem it has also been known as The Wagner Case in English **Nietzsche's The Case of Wagner and Nietzsche Contra Wagner** Aaron Ridley,Ryan Harvey,2022-02-28 Wagner was a lifelong obsession for Nietzsche No other topic or figure more consistently and persistently appears in Nietzsche's books from beginning to end as do Wagner and his theories For the first time Ryan Harvey and Aaron Ridley put Wagner centre stage in their book to show why he mattered so much to Nietzsche Looking at both The Case of Wagner and Nietzsche Contra Wagner they identify and define the trajectory of a number of overarching themes modernity decadence and Wagner as the sign of decline within Nietzsche's work as a whole in order to demonstrate how they crystallise into Nietzsche's final and most substantial discussion of Wagner in The Case of Wagner Assuming no prior knowledge of Nietzsche or the texts the book also offers a section by section interpretation of The Case of Wagner addressing especially why Wagner is a case for Nietzsche *The Case of Wagner Complete Works, Volume 8* F. W. F. W. Nietzsche,2018-02-28 The Case of Wagner German Der Fall Wagner is a book by the philosopher Friedrich Nietzsche originally published in 1888 Subtitled A Musician's Problem it has also been known as The Wagner Case in English Nietzsche contra Wagner is a critical essay by Friedrich Nietzsche composed of recycled passages from his past works It was written in his last year of lucidity 1888 1889 but was not published until 1895 six years after his mental collapse Nietzsche describes in this short work why he parted ways with his one time idol and friend Richard Wagner Nietzsche attacks Wagner's views expressing disappointment and frustration in Wagner's life choices such as his conversion to Christianity perceived as a sign of weakness Nietzsche evaluates Wagner's philosophy on tonality music and art he admires Wagner's power to emotive and express himself but largely disdains what Nietzsche calls his religious biases *The Case of Wagner, Nietzsche Contra Wagner, and Selected Aphorisms* Friedrich Wilhelm Nietzsche,2020-03-16 In The Case of Wagner Nietzsche Contra Wagner and Selected Aphorisms Friedrich Wilhelm Nietzsche critically examines the works and influence of the composer Richard Wagner whose music and ideologies had a profound impact on German culture Through a series of essays and aphorisms Nietzsche articulates his disillusionment with Wagner's romanticism viewing it as a degradation of the artistic spirit The literary style is reflective blending philosophical discourse with a personal narrative allowing Nietzsche to navigate the complexities of art culture and morality in late 19th century Europe The work not only critiques Wagner's operatic legacy but also serves as a lens through which Nietzsche redefines his own aesthetic ideals ultimately leading to the proclamation of the *Übermensch* and the reevaluation of values in a post religious world Nietzsche a revolutionary philosopher and cultural critic known for his profound insights into morality religion and art was deeply influenced by his early admiration for Wagner However his relationship with the composer soured serving as a catalyst for Nietzsche's philosophical emergence His complex response to Wagner illustrates the tension between art and philosophy in Nietzsche's thought reflecting his desire to challenge conventional ideologies and articulate a new vision for humanity This book is essential for those interested in the

intersection of music philosophy and culture It offers not only a compelling critique of Wagner but also a profound exploration of Nietzsche s developing thought making it invaluable for scholars students and any reader keen on understanding the evolution of modern philosophical ideas *I. The Case of Wagner Nietzsche Contra Wagner and Selected Aphorisms - The Original Classic Edition ,2012-03-01 The Case Of Wagner Nietzsche Contra Wagner and Selected Aphorisms by Friedrich Nietzsche The Original Classic Edition Finally available a high quality book of the original classic edition It was previously published by other bona fide publishers and is now after many years back in print This is a new and freshly published edition of this culturally important work which is now at last again available to you Enjoy this classic work today These selected paragraphs distill the contents and give you a quick look inside Every year thousands are now added to the large party abroad who have ceased from believing in the great musical revolutionary of pg xiv the seventies that he was one with the French Romanticists and rebels has long since been acknowledged a fact in select circles both in France and Germany and if we still have Wagner with us in England if we still consider Nietzsche as a heretic when he declares that Wagner was a musician for unmusical people it is only because we are more removed than we imagine from all the great movements intellectual and otherwise which take place on the Continent If I felt inclined to make any changes at all these would take the form of extensive additions tending to confirm rather than to modify the general argument it advances but any omissions of which I may have been guilty in the first place have been so fully rectified since thanks to the publication of the English translations of Daniel Hal vy s and Henri Lichtenberger s works *The Life of Friedrich Nietzsche* 2 and *The Gospel of Superman* 3 respectively that were it not for the fact that the truth about this matter cannot be repeated too often I should have refrained altogether from including any fresh remarks of my own in this Third Edition The statement in question was to the effect that many long years before these pamphlets were even projected Nietzsche s apparent volte face in regard to his hero Wagner had been not only foreshadowed but actually stated in plain words in two works written during his friendship with Wagner the works referred to being *The Birth of Tragedy* 1872 and *Wagner in Bayreuth* 1875 of which Houston Stuart Chamberlain declares not only that it possesses undying classical worth but that a perusal of it is indispensable to all who wish to follow the question of Wagner to its roots Nevertheless for fear lest some doubt should still linger in certain minds concerning this point and with the view of adding interest to these essays the Editor considered it advisable in the Second Edition to add a number of extracts from Nietzsche s diary of the year 1878 ten years before *The Case of Wagner* and *Nietzsche contra Wagner* were written in order to show to what extent those learned critics who complain of Nietzsche s morbid and uncontrollable recantations and revulsions of feeling have overlooked even the plain facts of the case when forming their all too hasty conclusions An altogether special interest now attaches to these pamphlets for in the first place we are at last in possession of Wagner s own account of his development his art his aspirations and his struggles in the amazing self revelation entitled

My Life 5 and secondly we now have *Ecce Homo* Nietzsche's autobiography in which we learn for the first time from Nietzsche's own pen to what extent his history was that of a double devotion to Wagner on the one hand and to his own life task the Transvaluation of all Values on the other

The Case of Wagner Nietzsche Contra Wagner and Selected Aphorisms Friedrich Nietzsche, 2021-07 Book Excerpt belief in the sincerity of his music which he likewise doubted but wished to impress upon the world as true Or did he wish to be thought badly of in connection with things that were not true and that consequently did not affect him in order to lead us off the scent of true things things he was ashamed of and which he wished the world to ignore just like Rousseau the similarity between the two is more than a superficial one who barbarously pretended to have sent his children to the foundling hospital in order not to be thought incapable of having had any children at all In short where is the bluff in Wagner's biography Let us therefore be careful about it and all the more so because Wagner himself guarantees the truth of it in the prefatory note If we were to be credulous here we should moreover be acting in direct opposition to Nietzsche's own counsel as given in the following aphorisms Nos 19 and 20 p 89 It is very difficult to trace the course of Wagner's development not
