**The case for modern man** ,1959      **The Case for Modern Man** Charles Frankel,1971      *The Case for Modern Man* Charles Frankel,1964      **The Case for Modern Man** Charles Frankel,1959      The Case for Modern Man Charles Frankel,1968      **International Journal of Orthodontia** ,1915      The Essential Works of Helena Blavatsky Helena Blavatsky,2023-11-08 The Essential Works of Helena Blavatsky compiles the pivotal writings of one of the most influential figures in modern occultism and spiritual philosophy Blavatsky s prose intertwines esoteric knowledge with a rich tapestry of myth mysticism and Eastern philosophies reflecting her commitment to synthesizing diverse spiritual traditions The book delves into key themes such as the nature of reality the interconnectedness of all beings and the pursuit of spiritual enlightenment culminating in her challenge of Western materialism Her unique literary style shifts between dense exposition and poetic expression invoking a sense of the sublime that invites readers to explore their spiritual depths Helena Blavatsky was a Russian philosopher social reformer and co founder of the Theosophical Society Her extensive travels in the East and her engagement with various mystical traditions deeply influenced her worldview Blavatsky s vision transcends mere historical context as she sought to awaken humanity s latent spiritual potential during an era marked by scientific materialism and intellectual skepticism Her personal experiences in the realms of spirituality and her relentless quest for truth positioned her as a vanguard of the esoteric movement This collection is essential for anyone interested in the intersections of spirituality philosophy and cultural history Blavatsky s profound insights challenge the reader to reconceptualize their understanding of consciousness and existence Her writings remain relevant in today s search for meaning making this book not just a historical artifact but a vital resource for contemporary seekers of wisdom      *HELENA BLAVATSKY Premium Collection* Helena Blavatsky,2019-04-25 This meticulously edited collection has been formatted for your eReader with a functional and detailed table of contents The works of Helena Blavatsky will reveal you the secrets Theosophy and its mystical teachings The nature is not a fortuitous concurrence of atoms and will assign to man his rightful place in the scheme of the Universe Content Isis Unveiled The Secret Doctrine The Key to Theosophy The Voice of the Silence Studies in Occultism From the Caves and Jungles of Hindostan Nightmare Tales      **Myth and Metaphysics** W.A. Luijpen,2012-12-06 This book is an attempt to interpret man s religious existence an inter pretation for which some of the groundwork was laid by the author s book PHENOMENOLOGY AND ATHEISM Duquesne University Press 2nd impression 1965 That work explored the denial of God by the leading atheists and came to terms with the most typical forms assumed by their denials Nevertheless I am not an adherent of atheism The reason why it is possible to agree with many atheists without becoming one of them is that man can misunderstand his own religiousness or lapse into an inauthentic form of being a believer What many atheists unmask is one or the other form of pseudo religiousness which should be unmasked On the other hand I have also constantly refused to identify religiousness with such inauthentic forms and to define it in terms of

those forms just as I refuse to identify the appendix with appendicitis the heart with an infarct the psyche as a disturbance and marriage as a fight The book offered here has been written since the rise of the radical God is dead theology This theology without God has often been presented as the only form of theological thought still suitable for modern man As the reader will notice I reject the brash facility with which some modern men measure the relevance of anything by its modernity

Segal,2014-07-16 Much of the theorizing about myth in philosophy and religious studies grows out of efforts to understand the classics and the Bible In the case of the classics the presence of myth has been taken for granted and conclusions reached about Greek and Roman mythology have spurred generalizations about myth In the case of the Bible however the existence of myth has been contested In fact Judaism and Christianity are regularly praised for their nonmythic outlook Conclusions reached about the presence or absence of myth in either the Hebrew Bible or the New Testament have led to generalizations about myth per se Many of the essays in this volume apply theories of myth to classical biblical and ancient Near Eastern cases but in so doing they draw conclusions about the nature of myth itself Those essays that criticize past applications make generalizations as well By no means has all theorizing about myth from philosophy and religious studies centered on the ancient world and this volume contains selections from theories in both disciplines that stem from reflections on the nature of science language knowledge and reality **Annual Report of the Board of Regents of the Smithsonian Institution** Smithsonian Institution.
