Forevermore Leslie Irvine,1999-10 She shows how Alex Paul Liz and many others create a sense of self by combining elements of autobiography culture and social structure all within the adopted language of psycho spirituality BOOK JACKET

Codependents' Guide to the Twelve Steps Melody Beattie,1992-04-09 Explains how recovery programs work and how to apply the Twelve Steps of Alcoholics Anonymous Offers specific exercises and activities for use by individuals and in group settings *The Dark Side of Close Relationships* Brian H. Spitzberg,William R. Cupach,2013-06-17 This volume examines

the negative or dark elements of close relationships For use by scholars and students in social psychology personal relationships and interpersonal communication **Challenging Codependency** Marguerite Babcock,M. Christine McKay,1995 In the field of addiction research and counselling there has been an increasing investment in the theory of codependency a theory that holds women partly responsible for perpetuating the alcoholism and addiction of their male partners This is the first anthology of feminist essays that presents a cogent critique of this theory The unifying feature of the eighteen essays collected here is the revelation that solid evidence contradicts rather than supports the theory of codependency Its assumptions are found to be unsubstantiated in theory and practice The contributors to the volume explore the history of codependency theory and look at reasons for its growing popularity in medical model politics A central theme emerges that codependency theory is essentially misogynist in nature the result of a male backlash against feminism The collection leaves no doubt that this backlash is effective These essays reveal the many ways that codependency therapy promotes advice and counselling that is damaging and ultimately fails women seeking help for their distress This anthology aimed at professionals as well as readers at large reveals a remarkable body of literature questioning the validity of popular addictions philosophy about women and the quality of the scholarship that supports those theories *Against the Wall*

Marshall Hardy,John Hough,1991 **Reader's Guide to Women's Studies** Eleanor Amico,1998-03-20 The Reader s Guide to Women s Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women s studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors Lovers and Livers Jacalyn

Duffin,2005-12-15 Can a disease be an idea A theory Does disease exist without a patient to suffer from it In Lovers and Livers Jacalyn Duffin provides a lively overview of the ideas around disease She introduces philosophical theories of disease and delves into the history of two distinct afflictions one old one new which serve as examples to show how applying theory can uncover surprising aspects of the medical past and present Written with humour and compassion and using poignant

examples from Duffin's own clinical experience *Lovers and Livers* is based on a series of public lectures and innovates by utilizing audience participation and a wide variety of sources including art poetry literature medical journals newspapers Duffin's first example of a disease concept the now possibly defunct disease of Lovesickness had its origins in the poetry of antiquity and its demise in twentieth century scepticism but Duffin argues that it may not be as pass as is generally thought The second example is the new disease Hepatitis C Duffin demonstrates that it too stems from ancient tradition and that it has been shaped by discoveries in virology and recent tragedies in transfusion medicine as well as by legislators journalists and patients In any given time and place coherent concepts of disease emerge from combining social cultural legal and scientific preoccupations with current epistemological priorities about what constitutes clear thinking *Lovers and Livers* will be of special interest to scholars of history philosophy and medicine as well as many others

Codependence and the Christian Faith Walter C. Jackson, 1990 *Can Christians Love Too Much?* Margaret Rinck, Margaret Josephson Rinck, 1989
