History of Kentucky William Elsey Connelley,Ellis Merton Coulter,1922 The present work is the result of consultation and cooperation Those engaged in its composition have had but one purpose and that was to give to the people of Kentucky a social and political account of their state based on contemporaneous history as nearly as the accomplishment of such an undertaking were possible It has not been the purpose of those who have labored in concert to follow any line of precedent While omitting no important event in the history of the state there has been a decided inclination to rather stress those events that have not hitherto engaged the attention of other writers and historians than to indulge in a mere repetition not that which is common

knowledge How far they have succeeded in this purpose a critical public must determine

Mindfulness in Good Lives Mike W. Martin,2019-10-23 Mindfulness is celebrated everywhere especially in health psychology and spiritual practices but also in the arts business education environmentalism sports and the use of digital devices While the current mindfulness movement may be in part the latest fad in a narcissistic and therapeutic culture it is also worthy of greater philosophical attention As a study in ethics and moral psychology Mindfulness in Good Lives remedies the neglect of this subject within philosophy Mike W Martin makes sense of the striking variety of concepts of mindfulness by connecting them to the core idea of value based mindfulness paying attention to what matters in light of relevant values When the values are sound mindfulness is a virtue that helps implement the kaleidoscope of values in good lives Health psychologists who currently dominate the study of mindfulness often present their research as value neutral science Yet they invariably presuppose moral values that should be made transparent These values which lie at the interface of morality and mental health form bridges between philosophy and psychology and between literature and spirituality
