Case For Israel:

The Case for Israel Alan Dershowitz, 2011-01-06 The Case for Israel is an ardent defense of Israel's rights supported by indisputable evidence Presents a passionate look at what Israel's accusers and detractors are saying about this war torn country Dershowitz accuses those who attack Israel of international bigotry and backs up his argument with hard facts Widely respected as a civil libertarian legal educator and defense attorney extraordinaire Alan Dershowitz has also been a passionate though not uncritical supporter of Israel

The Classical Liberal Case for Israel Walter E. Block, Alan G. Futerman, 2021-11-02 This book offers a unique perspective on the State of Israel based on classical liberalism both on a historical and theoretical level Specifically it makes a classical liberal and libertarian analysis based upon homesteading and private property rights to defend the State of Israel As such this work explores the history of the Jewish State both to provide a positive case for its right to exist and to clarify the myths surrounding its origin and development At the same time it deals with other relevant related subjects such as the complex situation between Israel and the Palestinian Arabs the military campaigns against the Jewish State the connection between anti Zionism and anti Semitism and Israel's economic miracle The thorough analysis presented in this work intends to show not only why the voices and movements against Israel are wrong including the Boycott Divestment and Sanctions movement BDS but more importantly why Israel is an example of human flourishing and freedom that every advocate for liberty should celebrate The Classical Liberal Case for Israel makes the practical and moral case for Israel It is based on truths and facts that need to be repeated over and over Block Futerman understand that the only way to defeat a big lie is with a big truth Benjamin Netanyahu Prime Minister of the State of Israel Jerusalem Israel Classical Liberalism often associated with the spread West from Northern Europe in creating free nations is argued here as applying to Israel with ancient roots in the principles of human freedom Vernon L Smith Ph D Nobel Prize in Economic Sciences 2002 and Professor George L Argyros Endowed Chair in Finance and Economics Professor of Economics and Law Smith Institute for Political Economy and Philosophy at Chapman University
