Teaching Tips

1. Spend about 40 minutes going over the comprehensive strategic management model in Figure 1-1, highlighting each component part with examples. This is the best way to cover the terms introduced in the chapter. Pull up the new and improved author website for this textbook, because it has great resources for students. The URL is www.strategyclub.com.
2. The Edward Deming quote mentioned in Chapter 1 (In God We Trust, All Others Bring the Data) is vitally important in this course, because students tend to use vague terms throughout their case analysis. Vagueness is detrimental to development of any strategic plan. Therefore, highlight and emphasize the relevance and importance of the Deming quote and tell students that vagueness is disastrous in this course. Strategies must be formulated to the extent possible on factual, specific, underlying key internal and external factors, rather than trying to formulate strategies based on general statements, opinion, or intuition.
3. Highlight Figure 1-2 on "the benefits of doing strategic planning." Use that exhibit to emphasize the many benefits of doing strategic planning, as well as the drawbacks of not doing strategic planning.
