Sky Cloud Mountain David Anirman, 2012-09-11 Let history drop behind as we explore the sacred confines of a temple city built by a race that was here long before us before our species was even a glimmer in the cosmic eye and whose work is still evident usable and heuristic Dominated by a mountain sculpted as a pregnant woman with a lion at her feet and a rearing serpent behind the site is still alive with eddies of spiritual energy Between the colossal lady and lion is a saddle in the mountain beautified by mazes of stone sparkling sand terraces and the gardens of windswept splendor with the rock everywhere seeming to be incised with aesthetic undecipherable hieroglyphics The site is beautiful bolstering and enlivened geometrically tuned to the cosmos whose forces it appropriates to utilize in various ways Join in as we uncover a few of the marvels of an authentically magical place with a psychedelic consciousness adapted to tuning into the ancient mysteries giving a new dynamism to the on going story if a truly sacred mountain

Japan, 1929 BETWEEN MOUNTAINS AND WATERS Hu Hongshuan, 2019-12-19 As a famous Chinese poet Hu Hongshuan writes in a unique style with a far and profound vision rich and abundant subject matter pure diction and language which contribute to his elegant poetic flavor This new collection Between Mountains and Waters is another song by him during his travelling between mountains and rivers on the great earth Here the love between the mountain and people between the stone and people and between the water and people endures with a lingering amorous feeling which never

tapers off here the scouring of time leaves an indelible trace to the world of stone of mountain and of water as well as to the world of human beings Mountains and stones and forests and trees as well as creeks and rivers and lakes and seas under the pen of the poet all are born owing to the stone all are enlivened by the mountain In these literary pieces by Hu various forms of existence are exhibited while highlighting the life trait of people of our age who pay close attention to the connection between poetry and the landscape featured by stones
