Spignesi,1998 Galileo Galilei Christopher Columbus and Guglielmo Marconi head the list of The Italian 100 which chronicles the lives of important Italians past and present Following the provocative approach of other successful 100 books The Italian 100 offers informative and entertaining biographical profiles which explore the details and weigh the significance of the figure's achievements Illustrated *Academic American Encyclopedia* ,1998 A twenty one volume set of encyclopedias providing an alphabetical listing of information on a variety of topics **Dictionary of World Biography** Frank Northern Magill,1998 A revision and reordering with new entries added of the material in the thirty vols comprising the various subsets designated series published under the collective title Great lives from history 1987 1995 *Literature for Today's Young Adults* Kenneth L. Donelson,Alleen Pace Nilsen,1997 With 140 fewer pages than the fourth edition the fifth obviously has been tightened it's partly in the format with narrower margins and less white space Otherwise some text has been rephrased or rearranged and topics for example adolescent psychology given shorter shrift Coverage of Holocaust literature has been expanded and discussion of problem novels improved Sports books have been dumped in with humor movies and other stuff including humorous poetry which it seems the authors feel is the only kind teens read for pleasure other types of poetry as well as short stories and drama are relegated to the English classroom coverage of which has been enlarged The chapter on sf and fantasy is good on historical aspects but weak on today's writers A short list of Internet listserves and Web sites has been incorporated as part of using YA literature in the library Once again updating of appendixes seems spotty Nevertheless this is useful as a resource for youth librarians and a tool for teaching YA literature Sally Estes The New York Times Book Review ,1975-04
