

# DIGEST OF THE DIVINE LAW

By HOWARD B. RAND, LL.B.  
*Member of the Massachusetts and Maine Bars*

**T**HERE is no other work like this — a book that will clearly inform you about the Divine laws — the Law of the Lord — the Commandments, Statutes and Judgments whose scope covers every phase of human conduct and all national requirements of governmental administration. While the Ten Commandments are universally accepted as the highest moral code, there are other God-given laws which define true standards of wealth, monetary regulations, taxation, interest, debt and all other aspects of the moral, social and economic life of the individual, family and nation. We are bound by these laws just as surely as we are bound by the Ten Commandments.

From the internal evidence in the Scriptures, it is shown that the Divine laws have never been abrogated. Law-abiding Christians, Bible teachers, and every student of political economy, should read and study the whole body of the laws of God given in the Scriptures, for while they are frequently mentioned, their application is usually misunderstood.

*Digest of the Divine Law* points out the fact that we face the rule of law or chaos. It sets forth the justice, equity and righteousness of the Law of the Lord, which is destined to become the law of our land. When the entire range of Divine jurisprudence is comprehended, and its precepts are obeyed, individual prosperity and national well-being will be the beneficent result.
