Psychology and Aging P. Costa, I.C. Siegler, 2003-12-24 Recent Events in the Psychology of Aging documents the successful integration of aging into the mainstream of psychology. Leading psychologists present overviews of the key issues and research findings on mainstream topics. These include cognitive neuroscience, visual attention, learning, memory, and cognition, as well as personality and happiness. The intersection of aging content with mainstream psychology is also prominent in the areas of emotions, personality, and social psychology, as seen in the chapters on subjective well-being, emotional development, self-esteem, and personality trajectories. The seven chapters of this book offer information on such topics as the seven sins of memory, categorizing the common breakdowns of memory in everyday life, and the special breakdown of sins that increase with aging, problems with attention and learning, and offers answers to questions such as: do emotions get blunted with age? Do older people focus more on positive feelings, and the age-old question of whether older people are happier than younger people is given in the chapter on the evolving concept of subjective well-being and the multifaceted nature of happiness. Questions about what occurs to one's self-esteem and personality are also masterfully discussed, and the answers may be surprising. The concluding seventh chapter provides a cultural lens on the biopsychosocial study of aging. **Advances in the Psychology of Thinking**, 1992 **Advances in Applied Social Psychology** R. F. Kidd, M. J. Saks, 2013-08-21 First Published in 1983. This volume is the second in a series of volumes on applied social psychology. The contents of the contributions represent the richly diverse approaches and settings in which social psychology is being used. In preparing their chapters, the contributors were asked to focus on how social psychologists as scientists and advocates could contribute to the resolution of the debates that often surround important social problems. Each author was asked to place his or her attempts to use social psychological knowledge in the context of his or her own specific problem. If one consistent theme emerges from this collection, it is the emphasis on employing social psychology to enlighten and understand decisions at the level of public policy. This book is a vital display of how existing literature and methods in the field can work to illuminate and inform issues of national and even international importance. Advances in Psychology Research, Volume 26 Serge P. Shohov, 2003. This book presents original research results on the leading edge of psychology. Each chapter has been carefully selected in an attempt to present substantial advances across a broad spectrum. Developing, Delivering, and Sustaining School Counseling Practices Through a Culturally Affirming Lens Brant-Rajahn, Sarah N., Gibson, Eva M., Cook Sandifer, Mariama, 2022-05-06 Systemic oppression continues to disenfranchise students at the intersections of race ethnicity gender identity sexual orientation immigrant status religion ableism and economic status Because of this school counselors are called to function as advocates and change agents but often find themselves underprepared to address these oppressive systems in schools It is vital that school counselors are provided resources that enable them to increase their preparedness and allow them to address oppressive practices within schools as well as work with diverse populations using culturally affirming and antiracist practices Developing Delivering and Sustaining School Counseling Practices Through a Culturally Affirming Lens informs culturally affirming and antiracist professional practice and advocacy work by school counselors It serves as a learning tool that better prepares school counselors to address the needs of marginalized students and work as effective change agents to disrupt systemic oppression in school settings Covering topics such as professional identity racial trauma and social justice this book serves as a dynamic resource for school counselor educators school counselors in training school counselors directors supervisors district leaders and administration researchers and academicians as they implement antiracist social justice and culturally affirming practices in school settings and academia

Ethical Problem-Solving and Decision-Making for Positive and Conclusive Outcomes Keough, Penelope D., 2019-01-25 Strategies for effective problem solving and decision making are efficient ways for professionals to solve the moral dilemmas that confront them in their daily practice Feelings of wellbeing and positive outcomes often impeded by the failure to make decisions can result when strategies are developed from psychological theories and positive mindsets Ethical Problem Solving and Decision Making for Positive and Conclusive Outcomes is a pivotal reference source that synthesizes major psychological theories to show that any moral dilemma can be solved by using the correct positive mindset based on psychological theory and superimposing a basic ethical template to reach a conclusive decision While highlighting topics such as cultural identity student engagement and education standards this book is ideally designed for clinical practitioners psychologists education professionals administrators academicians and researchers

Stabilization Approaches That Empower Clients Through Mental Health Crises Logan, Isabel, Green, Cheryl A., 2023-10-24 Mental health practitioners often overlook initial stabilization strategies and interventions when providing evidence informed approaches in order to get to the so called important or interesting part of treatment For many mental health practitioners the important or interesting component of treatment includes insight and therapeutic processing work Some mental health practitioners are not implementing vital stabilization strategies before entering the so called deeper components of therapeutic interventions Proponents of a stabilization approach maintain that a level of stabilization prior to therapeutic insight or processing based interventions increases the likelihood of an individual benefiting from

therapeutic processing exposure and insight based work Further individuals who have achieved a level of stabilization prior to therapeutic insight or processing based interventions have been identified as being less likely to drop out of treatment

Stabilization Approaches That Empower Clients Through Mental Health Crises is a critical reference source that educates mental health practitioners in a range of trauma informed approaches and resources that promote stabilization provides a guide for the practical application of stabilization based therapy and offers insights into stabilization as it is applied across a variety of therapeutic approaches Providing readers with explanations of key concepts strategies to overcome barriers in the safe application of a range of therapeutic techniques and resources that can be used across a variety of treatment settings and clinical diagnoses this book is ideal for psychiatrists counselors psychologists clinical social workers mental health professionals researchers academicians and students who seek to provide a safer therapeutic intervention when providing evidence informed mental health care
