Congress Declares War

Congress Declares War:

Declaring War Brien Hallett, 2012 Declaring War directly challenges the 200 year old belief that the Congress can and should declare war By offering a detailed analysis of the declarations of 1812 1898 and the War Powers Resolution of 1973 the book demonstrates the extent of the organizational and moral incapacity of the Congress to declare war This book invokes Carl von Clausewitz s dictum that war is policy to explain why declarations of war are an integral part of war and proposes two possible remedies a constitutional amendment or alternatively a significant reorganization of Congress It offers a comprehensive historical legal constitutional moral and philosophical analysis of why Congress has failed to check an imperial presidency The book draws on Roman history and international law to clarify the form function and language of declarations of war and John Austin s speech act theory to investigate why and how a public announcement is essential for the social construction of both war and the rule of law

Congress Declares War Roland H. Worth, Jr., 2010-06-28 The dramatic events of the Pearl Harbor attack have been covered in detail from a wide variety of approaches What came next the American declaration of war the intervention of Germany and Italy and the U S proclaiming war against them as well has been given considerably less attention This detailed volume fills that gap with careful analysis of how the public and Congress reacted to the attack and how it began to modify their past attitudes toward foreign war Excerpts from the Congressional Record of 1941 support the author s discussion of the debates leading to the decision to declare war The book explores the rationales defending past conduct by those who had been of both interventionist and anti interventionist sentiments as well as their collective effort to forge a national consensus that would support a multi year international conflict Emphasis is also placed on the reasoning behind war not being immediately declared on Germany as well as Japan and the motivations behind Germany s decision to enter the conflict on it s own initiative Lengthy attention is given to Jeanette Rankin the only House member to vote against the war

Declaring War Fiona Young-Brown, 2018-12-15 The Constitution sets forth clear guidelines that must be followed for the United States to declare war on another nation However in the centuries since the Constitution was written the nature of the world and war have changed drastically This book contextualizes some of the conflicts in American history from the last declaration of war for World War II to the conflicts of Vietnam through to Iraq and Afghanistan It investigates how Congress and the president have historically followed the rules how those rules have evolved and how citizens and politicians influence the process of declaring war This resource closely aligns with the objectives of the C3 Framework for Social Studies State Standards

The Lost Art of Declaring War Brien Hallett, 2024-03-18 Historically it has been assumed that war is violence and declarations of war are simply public announcements that serve to initiate combat Brien Hallett denies both assumptions and claims that war is policy not violence The Lost Art of Declaring War analyzes the crucial differences between combat and war and convincingly argues that the power to declare war is in actuality the power to compose a text draft a document write a denunciation Once written the

declaration then serves three functions to articulate the political purposes of the war to guide and direct military operations and to establish the boundary between justified combat and unjustified devastation Hallett sounds a clarion call urging the people and their representatives to take up the challenge and write fully reasoned declarations of war Then and only then can a civilized nation like the United States lay claim to being fully democratic not only in peacetime but in wartime as well

Enactment of War and the Use of Military Force Craig Perez,2015 Article I Section 8 of the Constitution vests in Congress the power to declare War Pursuant to that power Congress has enacted 11 declarations of war during the course of American history relating to five different wars the most recent being those that were adopted during World War II In addition Congress has adopted a number of authorizations for the use of military force the most recent being the joint resolution enacted on October 16 2002 authorizing the use of military force against Iraq To buttress the nation s ability to prosecute a war or armed conflict Congress has also enacted numerous statutes which confer standby authority on the President or the executive branch and are activated by the enactment of a declaration of war the existence of a state of war or the promulgation of a declaration of national emergency This book examines a number of topics related to declarations of war and authorizations for the use of military force by the United States It provides historical background on each of the declarations of war and on several major authorizations for the use of force that have been enacted analyzes the implications of declarations of war and authorizations for the use of force under both international law and domestic law lists and summarizes the more than 250 standby statutory authorities that can come into effect pursuant to a declaration of war the existence of a state of war and or a declaration of national emergency describes the procedures in Congress governing the consideration of declarations of war and authorizations for the use of force including the procedures under the War Powers Resolution and sets forth in two appendices the texts of all of the declarations of war and the major authorizations for the use of force that have been enacted **United States Code Annotated** United States,1928 **Cases Argued and Decided in the Supreme Court of the United States** ,1918 *War Powers of the Executive in the United States* Clarence Arthur Berdahl,1921 [History of Our War with Spain](#) James Rankin Young,Joseph Hampton Moore,1898 **Proceedings of the Constitutional Convention of the State of Illinois Convened January 6, 1920** Illinois.
