**Rules** United States. Congress. House. Office of Congressional Ethics, 2011 Rules for the conduct of investigations  
House Committee on Ethics Congressional Research Service, 2015-02-18 The United States Constitution Article 1 Section 5 clause 1 provides each House of Congress with the sole authority to establish rules judge membership requirements and punish and expel Members From 1789 to 1967 the House of Representatives dealt with disciplinary action against Members on a case by case basis often forming ad hoc committees to investigate and make recommendations when acts of wrongdoing were brought to the chamber s attention Events of the 1960s including the investigation of Representative Adam Clayton Powell for alleged misuse of Education and Labor Committee funds prompted the creation of a permanent ethics committee and the writing of a Code of Conduct for Members officers and staff of the House Begun as a select committee in the 89th Congress 1965 1966 the House created a 12 member panel to recommend to the House such rules or regulations necessary or desirable to insure proper standards of conduct by Members of the House and by officers and employees of the House in the performance of their duties and the discharge of their responsibilities Acting on the select committee s recommendations the House created a permanent Committee on Standards of Official Conduct in the 90th Congress 1967 1968 In the 112th Congress 2011 2012 the committee was renamed the Committee on Ethics This report briefly outlines the background of ethics enforcement in the House of Representatives including the creation of both the Select Committee on Ethics and the Committee on Ethics The report also focuses on various jurisdictional and procedural changes that the committee has experienced since 1967 and discusses the committee s current jurisdiction and procedures For additional information on ethics in the House of Representatives please refer to CRS Report R40760 House Office of Congressional Ethics History Authority and Procedures by Jacob R Straus CRS Report RL30764 Enforcement of Congressional Rules of Conduct A Historical Overview by Jacob R Straus CRS Report RL31126 Lobbying Congress An Overview of Legal Provisions and Congressional Ethics Rules by Jack Maskell CRS Report RL31382 Expulsion Censure Reprimand and Fine Legislative Discipline in the House of Representatives by Jack Maskell and CRS Report R42495 The STOCK Act Insider Trading and Public Financial Reporting by Federal Officials by Jack Maskell *Ethics in Congress* Dennis F. Thompson, 2000-07-26 More members of Congress have been investigated and sanctioned for ethical misconduct in the past decade and a half than in the entire previous history of the institution But individual members are probably less corrupt than they once were Stricter ethics codes and closer scrutiny by the press and public have imposed standards no previous representatives have had to face Dennis Thompson shows how the institution itself is posing new ethical challenges how the complexity of the environment in which members work creates new occasions for corruption and invites more calls for accountability Instead of the individual corruption that has long been the center of attention Thompson focuses on institutional corruption which refers to conduct that under certain conditions is an acceptable part of the job of a representative Members are required to

solicit campaign contributions and they are expected to help constituents with their problems with government but some ways of doing these jobs give rise to institutional corruption The author moves the discussion beyond bribery extortion and simple personal gain to delve into implicit understandings ambiguous favors and political advantage Thompson examines many major ethics cases of recent years Among them the case of David Durenberger accused of supplementing his income through book promotions the case of the Keating Five accused of using undue influence with the Federal Home Loan Bank Board on behalf of Lincoln Savings and Loan owner Charles Keating and the case of House Speaker James Wright accused of several offenses Thompson shows why neither the electoral process nor the judicial process is sufficient and argues for stronger ethics committees and the creation of a new quasi independent body to take over some of the enforcement process He offers more than a dozen recommendations for changes in the procedures and practices of ethics in Congress The book features a listing of ethics charges classified by type of corruption considered by Congress from 1789 to 1992 Selected by Choice as an Outstanding Book of 1995
