Conscience And Papacy:

On Conscience Joseph Ratzinger, 2010-11-09 Prepared and co published by the National Catholic Bioethics Center in Philadelphia this book is a combination of two lengthy essays written by Cardinal Ratzinger and delivered in talks when he was head of the Congregation for the Doctrine of the Faith Both talks deal with the importance of conscience and its exercise in particular circumstances Ratzinger s reflections show that contemporary debates over the nature of conscience have deep historical and philosophical roots He says that a person is bound to act in accord with his conscience but he makes it clear that there must be reliable proven sources for the judgment of conscience in moral issues other than the subjective reflections of each individual The always unique and profound insights that the new Pope Benedict XVI brings to perennial problems reminds the reader of his strong warning before the recent Papal conclave of the great dangers today of the dictatorship of relativism *Confronting the Truth* Linda Hogan, 2001 **Conscience and Catholic Faith** Anthony J. A. Grave, 1989 This authoritative study explores the relation of John Henry Newman s idea of conscience to what he called

conscience in the ordinary sense of the word Grave argues that a proper understanding of this distinction is essential to a satisfactory understanding of Newman's thought wherever the notion of conscience enters into it He examines some neglected difficulties in this area such as the relation between individual conscience and the authority of the church and the matter of rights of conscience Conscience and Catholicism Robert J. Smith,1998 The understanding and use of conscience in Roman Catholicism has undergone evaluation within the broader efforts of the renewal of moral theology called for by Vatican II A review of the literature reveals that among contemporary Catholic moral theologians there are differences in the way conscience is understood and employed These differences are reflected in the distinct perspectives of
