Conscience of a Conservative Barry Goldwater,2007-11 For a man who proudly described himself as simple Barry Goldwater remains a historical puzzle Barry Goldwater IS the conscience of a conservative *The Conscience of a Conservative* Barry Goldwater,L. Brent Bozell Jr,2019-08-24 Published in 1960 under the name of Arizona Senator Barry Goldwater The Conscience of a Conservative is a widely influential and important book on the American conservative political movement While the book was published under Goldwater s name it was ghostwritten by L Brent Bozell Jr the brother in law of William F Buckley and Goldwater s speech writer in the 1950s The book was instantly popular and catapulted Goldwater a Senator from Arizona when the book was published into the national spotlight and helped him become the Republican nominee for President in 1964 Bozell s concise and thorough work details the conservative social and political positions on topics including education labor unions taxation farming and agriculture policies and civil rights The book reignited the conservative movement and led to the rise of Reagan style Republicanism in the 1980s The Conscience of a Conservative defines what it means to be a modern political conservative in a way that is very accessible and understandable and continues to influence American political writers to this day It remains an essential read for any student of political science and post war American political history This edition is printed on premium acid free paper The Conscience of a Conservative Barry Goldwater,2025-08-21T15:50:31Z U S Senator and future Republican presidential nominee Barry Goldwater s 1960 book The Conscience of a Conservative is a foundational work in the American conservative movement from the late 20th century and onward into the modern day It lays out the conservative position on a number of topics including taxation labor welfare education and the general roles of state and federal government and would prove highly influential to future conservative politicians in establishing their own platforms Goldwater offers his case for a strict Constitutionalist government in which the role of the federal government is restricted to those things called out explicitly in the constitution with all other matters being the responsibility of the states to manage independently In the final chapter of the book Goldwater describes his view of the stakes of the Cold War and the importance of containing the spread of Communism broadly and the Soviet Union in particular This book is part of the Standard Ebooks project which produces free public domain ebooks *Conscience of a Conservative* M. reignited the American conservative movement and made Barry Goldwater a political star It influenced countless conservatives in the United States and helped lay the foundation for the Reagan Revolution in 1980 It covers topics such as education labor unions and policies civil rights agricultural policy and farm subsidies social welfare programs and income taxation This significant book lays out both politically and economically the conservative position that would come to dominate the Conservative Movement in America [Conscience of a Conservative](#) Jeff Flake,2017-08-01 NEW YORK TIMES BESTSELLER A thoughtful defense of traditional conservatism and a thorough assault on the way Donald Trump is betraying it David Brooks in his New York Times column In a bold act of conscience Republican Senator Jeff Flake takes his party to task for embracing nationalism populism xenophobia and the anomalous Trump presidency The book is an urgent call for a return to bedrock conservative principle and a cry to once again put country before party Dear Reader I am a conservative I believe that there are limits to what government can and should do that there are some problems that government cannot solve and that human initiative is best when left unfettered free from government interference or coercion I believe that these ideas tested by time offer the most freedom and best outcomes in the lives of the most people But today the American conservative movement has lost its way Given the state of our politics it is no exaggeration to say that this is an urgent matter The Republican party used to play to a broader audience one that demanded that we accomplish something But in this era of dysfunction our primary accomplishment has been constructing the argument that we re not to blame We have decided that it is better to build and maintain a majority by using the levers of power rather than the art of persuasion and the battle of ideas We ve decided that putting party over country is okay There are many on both sides of the aisle who think this a good model on which to build a political career destroying not building And all the while our country burns our institutions are undermined and our values are compromised We have become so estranged from our principles that we no longer know what principle is America is not just a collection of transactions America is also a collection of ideas and values And these are our values These are our principles They are not subject to change owing to political fashion or cult of personality I believe that we desperately need to get back to the rigorous fact based arguments that made us conservatives in the first place We need to realize that the stakes are simply too high to remain silent and fall in line That is why I have written this book and am taking this stand Jeff Flake **Conscience of a Conservative** Barry Goldwater,2014-08-10 [Conscience of a Conservative](#) by Barry Goldwater covers topics such as education labor unions and policies civil rights agricultural policy and farm subsidies social welfare programs and income taxation [Conscience of a Conservative](#) reignited the American Conservative movement and made Barry Goldwater a political star [The Conscience of a Conservative](#) Barry M (Barry Morris) 1 Goldwater,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on

What Conservatives Believe Mike Pence,2026-06-02 What do conservatives actually believe In this powerful and inspiring manifesto New York Times bestselling author and former Vice President Mike Pence pens a 21st century version of The Conscience of a Conservative With candid insights after decades as a happy warrior in the movement Pence convincingly explains why the Republican Party must choose enduring conservative principles over the temptations of big government populism Conservatives know that wisdom often begins by consulting the people who came before us As Barry Goldwater wrote conservative principles persist because they are rooted in the truth But this isn't just a book about the past It's about how time tested conservative principles can be applied to the problems of tomorrow Few politicians have the strength of character of former Congressman Governor and Vice President Pence Pence is the standard bearer for true conservative values at a time when many readers and voters no longer understand what it means to be a conservative or why conservative values are so important In What Conservatives Believe Pence writes about the importance of conservatism with authority respect and candor As he's fond of saying I'm a conservative but I'm not in a bad mood about it A true statesman and leader Pence defines conservatism for a new generation in what promises to become a timeless conservative classic
