## **Confessions Of Kurt Gerstein:**

*The 'confessions' of Kurt Gerstein* Henri Roques, 1989-01-01      **Rudolf Reder Versus Kurt Gerstein** Carlo Mattogno, 2021-02 Only two witnesses have ever testified substantially about the alleged Bel ec Extermination Camp The survivor Rudolf Reder and the SS officer Kurt Gerstein For 40 years Gerstein s testimonies were the main source of Western mainstream historiography in their attempt to reconstruct what transpired at the infamous Bel ec Camp where Gerstein said millions of Polish Jews were murdered with Diesel engine exhaust gases in 1942 Critical revisionist voices were raised about Gerstein s statements early on spearheaded by a passing remark by Paul Rassinier in his 1961 book *Ulysse trahi par les siens* *Odysseus Betrayed by His Own* followed by a critical analysis of Gerstein s claims in his 1964 book *Le drame des juifs europ ens* *The Drama of the European Jews* and culminating in the 1985 doctoral dissertation on *The Confessions of Kurt Gerstein* by French historian Henri Roque As a result Gerstein s testimonies are now discredited even among mainstream historians One of them classified Gerstein s account as a questionable source and in some respects it must even be classified as a fantasy In contrast to Western historians Polish scholars focused on the testimonies of former Bel ec inmate Rudolf Reder early on After Gerstein had been discredited Western historians started using Reder s various depositions to fill the narrative void created by Gerstein s ignoble removal from the Holocaustian Hall of Fame In the first part the present study presents all of Reder s various statements in an English translation then subjects them to critical scrutiny in the second part demonstrating that they also are a questionable source that must even be classified as a fantasy After summarizing and explaining the many absurdities of Gerstein s claims in Part 3 the author juxtaposes both testimonies which are for the most part utterly incommensurate

**Rudolf Reder Versus Kurt Gerstein: Two False Testimonies on the Belzec Camp Analyzed** Carlo Mattogno, 2021 Only two witnesses have ever testified substantially about the alleged Bel ec Extermination Camp The survivor Rudolf Reder and the SS officer Kurt Gerstein For 40 years Gerstein s testimonies were the main source of Western mainstream historiography in their attempt to reconstruct what transpired at the infamous Bel ec Camp where Gerstein said millions of Polish Jews were murdered with Diesel engine exhaust gases in 1942 Critical revisionist voices were raised about Gerstein s statements early on spearheaded by a passing remark by Paul Rassinier in his 1961 book *Ulysse trahi par les siens* *Odysseus Betrayed by His Own* followed by a critical analysis of Gerstein s claims in his 1964 book *Le drame des juifs europ ens* *The Drama of the European Jews* and culminating in the 1985 doctoral dissertation on *The Confessions of Kurt Gerstein* by French historian Henri Roque As a result Gerstein s testimonies are now discredited even among mainstream historians One of them classified Gerstein s account as a questionable source and in some respects it must even be classified as a fantasy In contrast to Western historians Polish scholars focused on the testimonies of former Bel ec inmate Rudolf Reder early on After Gerstein had been discredited Western historians started using Reder s various depositions to fill the narrative void created by Gerstein s ignoble removal from the Holocaustian Hall of Fame In the first part the present

study presents all of Reder's various statements in an English translation then subjects them to critical scrutiny in the second part demonstrating that they also are a questionable source that must even be classified as a fantasy After summarizing and explaining the many absurdities of Gerstein's claims in Part 3 the author juxtaposes both testimonies which are for the most part utterly incommensurate

*Holocaust Denial as an International Movement* Stephen E. Atkins,2009-04-30 The end of World War II saw an emergence of Holocaust dissention that began in Europe and has since developed into an international movement with adherents in almost every country in the world At first this denial was fueled by the desire to rehabilitate Adolf Hitler and the Nazi regime in an effort to reestablish a neo Nazi state In the following years coupled with the renewal of anti-Semitism this dissent has been used as a means of denying the legitimacy of the state of Israel Despite these motivations the ultimate cause for concern is in the way this denial attracts its members by both challenging the existence of the Holocaust and the testimony of its witnesses By tracing the history causes and spread of Holocaust denial Atkins reveals the dangers this mindset poses to rational thinkers who become vulnerable to fringe ideas This book traces the state of the international Holocaust denial movement in the early 21st century grounding contemporary thought in the history of the movement Since Holocaust deniers have distorted the facts about this mass genocide Atkins discusses just what is known about the Holocaust from historical research conducted since World War II The role of negative racial genetics is explored in both Hitler's intellectual makeup and among the leaders of the German right wing including historians assessments of Hitler's anti-Semitism motivations and decision making Also provided is a roll call of Holocaust dissenters in countries such as the United States Germany France Great Britain Russia and Italy among many others By analyzing the arguments of leaders within this expanding dissention movement this book demonstrates how extremists build informational links that have wide ranging effects

*Holocaust Denial and the Law* R. Kahn,2004-06-18 From 1978 1996 Holocaust denial emerged as a major concern for the liberal democracies of Europe and North America This period also saw the first prosecutions of Holocaust deniers But these prosecutions often ran into trouble Holocaust Denial and the Law relates how courts in four countries Canada France Germany and the United States resolved the dilemmas posed by Holocaust denial litigation It also describes how in the United States student editors had to decide whether to run ads denying the Holocaust The book concludes that a given country's resolution of these dilemmas turns on its specific legal traditions and historical experiences

**Defying Hitler** Gordon Thomas,Greg Lewis,2019 Nazi Germany is remembered as a nation of willing fanatics but countless Germans actively resisted Hitler No matter how small the act the danger was the same any display of defiance was met with arrest interrogation torture and even death Thomas and Lewis follow the underground network of Germans who believed standing against the Fuhrer to be more important than their own survival Their bravery is astonishing and the authors illuminate their struggles yielding an accessible narrative history with the pace and excitement of a thriller adapted from jacket

**Socialism of Fools** Michele Battini,2016-04-05 In *Socialism of Fools* Michele Battini focuses on the critical moment

during the Enlightenment in which anti Jewish stereotypes morphed into a sophisticated modern social anti Semitism He recovers the potent anti Jewish anticapitalist propaganda that cemented the idea of a Jewish conspiracy in the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries Beginning in the eighteenth century counter Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self sustaining markets and the liberal state These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long Depression of the 1870s Anti Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party to Germany with the Anti Semitic Leagues to France with the nationalist movements and to Italy where Revolutionary Syndicalists made anti Jewish anticapitalism the basis of an alliance with the nationalists Exemplified best in the Protocols of the Elders of Zion the infamous document that leaked Jewish plans to conquer the world the Jewish conspiracy myth inverts reality and creates a perverse relationship to historical and judicial truth Isolating the intellectual roots of this phenomenon and its contemporary resonances Battini shows us why so many decades after the Holocaust Jewish people continue to be a powerful political target *Les confessions de Kurt Gerstein* Henri Roques,2020 **A Spy for God** Pierre Joffroy,1971 A Helen and Kurt Wolff book Translation of L espion de Dieu Bibliography p 309 312 **Les 'Confessions' de Kurt Gerstein** Henri Roques,1985 **The Journal of Historical Review** ,2001 *Hitler's War and the War Path* David John Cawdell Irving,1991 Map on lining papers Hitler s War was originally published by The Viking Press in 1977 The War path was published by The Viking Press and Michael Joseph Ltd in 1979 T p verso Includes bibliographical references p 840 943 and index **Les 'Confessions' de Kurt Gerstein** Henri Roques,1985 **The Holocaust Story and the Lies of Ulysses** Paul Rassinier,1978 Formerly titled Debunking the Genocide Myth A Study of the German Concentration Camps and the Alleged Extermination of European Jewry Translated from the french by Adam Robbins Publisher s website *Holocaust Denial* John C. Zimmerman,2000-11-08 Holding that historians should not ignore the arguments of Holocaust deniers examines their main arguments and refutes them Beginning with demographic arguments put forth by Walter Sanning shows that he distorts the prewar Jewish statistical data and misinterprets the postwar data he and others deny Nazi actions like the deportations from Hungary in 1944 Argues against the outright dismissal of testimonies given by victims and perpetrators as well as against David Irving s denial of Hitler s responsibility Shows that the main motivation of Holocaust deniers is apologetics for Hitler and Nazism Discusses the technical aspects of the functioning of the Auschwitz gas chambers crematoria and open air burning pits as well as the question of whether the Allies aerial reconnaissance could have discovered the mass killing facilities in Birkenau in 1944 **Debunking the Genocide Myth** Paul Rassinier,1978 **Comprehending the Holocaust** Asher Cohen,1988 This volume is the result of the latest works of twenty two scholars among them some of the most prominent experts in Holocaust historical and literary research This common subject Comprehending the Holocaust is still an unattained and perhaps

unattainable objective for the present generation Nevertheless these outstanding scholars from various countries present the most up to date answers though some of them seem controversial The topic the comprehension is discussed in the context of both the Holocaust and its aftermath All papers were prepared for a Congress that was held in June 1986 by the Strochlitz Institute at the University of Haifa **In Answer** ,1988 Studies on the Holocaust Randolph L. Braham,2000 Few aspects of American military history have been as vigorously debated as Harry Truman s decision to use atomic bombs against Japan In this carefully crafted volume Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons surveys the major debates related to that decision and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945 He then provides a historical overview of thye events in question beginning with the decision and program to build the atomic bomb Detailing the sequence of events leading to Japan s surrender he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders Finally Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents scholarly books and articles **Who's Who in Nazi Germany** Robert S. Wistrich,2013-07-04 Who s Who in Nazi Germany looks at the individuals who influenced every aspect of life in Nazi Germany It covers a representative cross section of German society from 1933 1945 and includes Nazi Party leaders SS Wehrmacht and Gestapo personalities civil service and diplomatic personnel industrialists churchmen intellectuals artists entertainers and sports personalities resistance leaders political dissidents critics and victims of the regime extensive biographical information on each figure extending into the post war period analysis of their role and significance in Nazi Germany an accessible easy to use A Z layout a glossary and comprehensive bibliography
