T'oung-pao ,1895 **Between Form and Event: Machiavelli's Theory of Political Freedom** M. Vatter,2013-04-17 Before Machiavelli political freedom was approached as a problem of the best distribution of the functions of ruler and ruled Machiavelli changed the terms of freedom requiring that its discourse address the demand for no rule or non domination Political freedom would then develop only through a strategy of antagonism to every form of legitimate domination This leads to the emergence of modern political life any institution that wishes to rule legitimately must simultaneously be inscribed with its immanent critique and imminent subversion For Machiavelli the possibility of instituting the political form is conditioned by the possibility of changing it in an event of political revolution This book shows Machiavelli as a philosopher of the modern condition For him politics exists in the absence of those absolute moral standards that are called upon to legitimate the domination of man over man If this understanding lies open to relativism and historicism it does so in order to render effective the project of reinventing the sense of human freedom Machiavelli s legacy to modernity is the recognition of an irreconcilable tension between the demands of freedom and the imperatives of morality **Short Stories in French for Intermediate Learners** Olly Richards,2021-05-13 An unmissable collection of eight unconventional and captivating short stories for young adult and adult intermediate learners of French Olly s top notch language learning insights are right in line with the best of what we know from neuroscience and cognitive psychology about how to learn effectively I love his work and

Natural Final Causality and Scholastic Thought Corey Barnes,2024-08-13 This book examines scholastic conceptions of final causality through the methods and concerns of historical theology It argues the history of final causality is most profitably understood according to the interplay of regularity order and intentionality as interpretive categories Within this analytic framework the author explores the history and theological implications of final causality from Aristotle to Nicole Oresme utilizing shifts in the dominant interpretive category to clarify how final causality could change from one of four co equal explanatory strategies in Aristotle to the cause of causes in Avicenna to a merely metaphorical cause in Walter Chatton Theological debates ranging from questions of creation the relationship of primary and secondary causality and of the ultimate good to secondary goods the autonomy or instrumentality of nature and the compatibility of chance with providence motivated many of these changes The chapters examine final causality in Aristotle and the commentarial tradition from late antiquity to medieval Arabic sources and then

consider in detail various scholastic understandings and uses of final causality The book will be of particular interest to scholars of historical theology systematic theology scholastic thought and medieval philosophy **The Philosophical Review** Jacob Gould Schurman, James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 1903 An international journal of general philosophy The Annals of Pharmacotherapy , 1996-07 **The New York Times Book Review** , 1995-09 **Bulletin** University of Georgia, 1938 *The new Popular educator* , 1901 **Book Review Digest** , 1997 **French Theatre in New York** Hamilton Mason, 1940 *La Nature* , 1921 **Nature** , 1921 Improving Reading in Middle and Secondary Schools Lawrence E.
