Chief Of Intelligence:

Admiral Canaris - Chief of Intelligence Ian Colvin,2020-09-17 This vintage book contains a fascinating and detailed biography of the heroic chief of German military intelligence who opposed Hitler at the cost of his own life Wilhelm Franz Canaris Wilhelm Franz Canaris 1887 1945 was chief of the Abwehr the German military intelligence service between 1935 and 1944 He was a key figure in the secret opposition to Adolf Hitler and the Nazi regime Amongst his actions to oppose Hitler was his attempt to sabotage Hitler s plan to absorb Czechoslovakia his advising Franco not to help the Germans pass through Spain and his pivotal role in organising a spy network in Spain Canaris was executed in a concentration camp for high treason Contents include At the Height of His Ambition Operation Kama The Spanish Adventure The Russian Knot Operation Otto The Conspiracies Begin A Glimpse of Canaris Between Peace and War The Great Mobilisation The Admiral Helps a Lady The Double Dutchman Norway etcetera Many antiquarian texts such as this are increasingly hard to come by and expensive and it is with this in mind that we are republishing this book now in an affordable modern high quality edition It comes complete with a specially commissioned new biography of the author *U.S. Intelligence Agencies and Activities* United States. Congress. House. Select Committee on Intelligence,1975

Directors of Central Intelligence as Leaders of the U.S. Intelligence Community, 1946-2005 Douglas F. Garthoff,2007 President Harry Truman created the job of director of central intelligence DCI in 1946 so that he and other senior administration officials could turn to one person for foreign intelligence briefings The DCI was the head of the Central Intelligence Group until 1947 when he became the director of the newly created Central Intelligence Agency This book profiles each DCI and explains how they performed in their community role that of enhancing cooperation among the many parts of the nation s intelligence community and reporting foreign intelligence to the president The book also discusses the evolving expectations that U S presidents through George W Bush placed on their foreign intelligence chiefs Although head of the CIA the DCI was never a true national intelligence chief with control over the government s many arms that collect and analyze foreign intelligence This limitation conformed to President Truman s wishes because he was wary of creating a powerful and all knowing intelligence chief in a democratic society After the terrorist attacks of September 11 2001 Congress and President Bush decided to alter the position of DCI by creating a new director of national intelligence position with more oversight and coordination of the government s myriad programs Thus this book ends with Porter Goss in 2005 the last DCI Douglas Garthoff s book is a unique and important study of the nation s top intelligence official over a roughly fifty year period His work provides the detailed historical framework that is essential for all future studies of how the U S intelligence community has been and will be managed
