Словарь Нецензурных Слов David Alan Drummond,1980 **A Dictionary of Russian Obscenities** ,1971 A *Dictionary of Russian Obscenities* ,1971 **A Short Dictionary of Russian Obscenities** David Alan Drummond,Gareth Perkins,1971 **Russian Swearing: a Russian Swearing Dictionary** Fedor Polishuk,2016-07-13 If you've wanted a dictionary of all modern commonly used Russian swearing you're looking right at it Including slang that ranges from moderately explicit to positively obscene this useful guide is a must for anyone wanting to learn Russian slang and especially Russian swearing Multiple usage examples will aid your understanding in exactly how these words are used *Russian Swear Words* Vovan Otradniy,2010-02-28 Open up your average Russian slang dictionary or a book on swearing It's probably packed full of words despite the poor organization However as any native Russian speaker will tell you 80% of those words are hardly used Other books are funny but of little practical value when it comes to actually understanding and mastering swearing in Russian This book is different in that it presents an organized precise system that will enable you to swear using words that are actually used Most Russian swear words come from just a few base words if those can be mastered the whole logic of swearing in Russian can be understood Explanations labeled stress grammar and plenty of examples inside Ability to read Russian is required **The Golden Age of Russian Literature and Thought** Derek Offord,1992-12-13 The volume contains ten new essays on Russian literature and thought of the classical age roughly 1820-1880 The essays are based on papers delivered at the Fourth World Congress for Soviet and East European Studies held at Harrogate in July 1990 It strikes a balance between fresh work on major authors Pushkin Lermontov Turgenev and Dostoevsky important work on hitherto neglected minor authors Marlinsky Pisemsky and Boborykin and studies that relate to thinkers of the period Chaadaev Herzen and Bakunin **Vocabulary of Soviet Society and Culture** Irina H. Corten,1992 Irina H Corten's Vocabulary of Soviet Society and Culture is an experiment in what Soviet scholars call *lingvostranovedenie* the study of a country and its culture through the peculiarities of its language Not a conventional dictionary Corten's lexicon is selective offering a broad sampling of culturally significant words in the areas of politics ideology the economy education arts and letters social problems and everyday life as well as language associated with the personalities and activities of individual Soviet leaders The entries are listed alphabetically in English transliteration followed by the Cyrillic although readers familiar with Russian may prefer to use the Cyrillic alphabet listing included in this volume In each entry the author provides a succinct but full explanation of the term and whenever possible cross references to other entries authentic examples of its use and samples of relevant Soviet jokes A reader may approach the lexicon either sequentially or with the aid of a subject thesaurus that divides the material into specific topics A listing of complementary sources of reference appears in a useful bibliography With this fascinating lexicon of Sovietisms Corten provides an invaluable and easily accessible medium for those general readers and scholars of the Russian language and Soviet culture interested in understanding contemporary Soviet life Selected entries
