American Streamlined Design:

American Streamlined Design David A. Hanks, Anne Hoy, 2005-08-30 The twentieth century loved machines and the speed they made possible Speeding cars trains and planes promised to conquer space and time their aerodynamic styling and metal skins embodied a new and modern beauty one that especially enchanted American designers from the late 1920s through the 1950s Streamlining became the popular American style for all sorts of objects from toy scooters to typewriters from power tools to teakettles This book celebrates this beauty as epitomized by the work of Raymond Loewy Kem Weber Henry Dreyfuss Norman Bel Geddes as well as in works by many lesser known industrial designers whose products are presented here for the first time The book also demonstrates the resurgence of interest in streamlining among international vanguard designers from the 1980s to the present This volume is illustrated with patent drawings and period photographs showing how these dynamically styled objects were used The one hundred eighty objects presented here drawn from the Eric Brill Collection recently donated to the American Friends of Canada and supplemented by pieces from the Stewart Collection at the Montreal Museum of Fine Arts were photographed for this book A full bibliography biographies of the designers and index complete the study BOOK JACKET [American Streamlined Design](#), 2011 Catalog of an exhibition held Feb 6 May 15 2011 at the Philbrook Museum of Art in Tulsa Oklahoma

Scandinavian Design Kjetil Fallan, 2013-05-09 Scandinavian design is still seen as democratic functional and simple its products exemplifying the same characteristics now as they have done since the 1950s But both the essence and the history of Scandinavian design are much more complex than this Scandinavian Design Alternative Histories presents a radically new assessment a corrective to the persistent mythologies and reductive accounts of Scandinavian design The book brings together case studies from the early twentieth century to today Drawn from fields as diverse as transport engineering packaging photography law interiors and corporate identity these studies tell new or unfamiliar stories about the production mediation and consumption of design An alternative history is created one much more alive to national and regional differences and to types of product Scandinavian Design analyses a century of design culture from Denmark Finland Norway and Sweden and in so doing presents a sophisticated introduction to Scandinavian design

Partners in Design David A. Hanks, 2015-10-27 The 1920s and 1930s saw the birth of modernism in the United States a new aesthetic based on the principles of the Bauhaus in Germany its merging of architecture with fine and applied arts and rational functional design devoid of ornament and without reference to historical styles Alfred H Barr Jr the then 27 year old founding director of the Museum of Modern Art and 23 year old Philip Johnson director of its architecture department were the visionary young proponents of the modern approach Shortly after meeting at Wellesley College where Barr taught art history and as Johnson finished his studies in philosophy at Harvard they set out on a path that would transform the museum world and change the course of design in America The Museum of Modern Art opened just over a week after the stock market crash of 1929 In the depths of the Depression using as their laboratories both MoMA and their

own apartments in New York City Barr and Johnson experimented with new ideas in museum ideology extending the scope beyond painting and sculpture to include architecture photography graphic design furniture industrial design and film with exhibitions of ordinary machine made objects including ball bearings and kitchenware elevated to art by their elegant design and with installations in dramatically lit galleries with smooth white walls *Partners in Design* which accompanies an exhibition opening at the Montreal Museum of Fine Arts in April 2016 chronicles their collaboration placing it in the larger context of the avant garde in New York 1930s salons where they mingled with Julien Levy the gallerist who brought Surrealism to the United States and Lincoln Kirstein co founder of the New York City Ballet their work to help Bauhaus artists like Josef and Anni Albers escape Nazi Germany and the dissemination of their ideas across the United States through MoMA s traveling exhibition program Plentifully illustrated with icons of modernist design MoMA installation views and previously unpublished images of the Barr and Johnson apartments domestic laboratories for modernism and in Johnson s case designed and furnished by Ludwig Mies van der Rohe this fascinating study sheds new light on the introduction and success in North America of a new kind of modernism thanks to the combined efforts of two uniquely discerning and influential individuals *Proceedings of the 2nd International Colloquium of Art and Design Education Research (i-CADER 2015)* Shahrman Zainal Abidin, Rafeah Legino, Harrinni Md Noor, Verly Veto Vermol, Rusmadiyah Anwar, Muhamad Fairus Kamaruzaman, 2016-03-22 This book features 66 papers from the 2nd International Colloquium of Art and Design Education Research i CADER 2015 It illustrates the wide range of opinions and interpretations mediums and technologies policies and methodologies in this field The papers which have been reviewed by 380 experts from around the world underline the latest trans disciplinary research in art and design education Coverage examines organization and sustainable issues including creative processes knowledge and experience design industrial applications sustainable design visual communication and new media art education research cultural studies teaching and learning implications on art traditional knowledge and new technologies for industries In addition the volume also explores innovative research trends in cross disciplinary findings combining methodology and theory Overall readers are provided with an insightful analysis of the latest research and advances in art and design education *Art Deco Chicago* Robert Bruegmann, 2018-10-02 An expansive take on American Art Deco that explores Chicago s pivotal role in developing the architecture graphic design and product design that came to define middle class style in the twentieth century Frank Lloyd Wright s lost Midway Gardens the iconic Sunbeam Mixmaster and Marshall Field s famed window displays despite the differences in scale and medium each belongs to the broad current of an Art Deco style that developed in Chicago in the first half of the twentieth century This ambitious overview of the city s architectural product industrial and graphic design between 1910 and 1950 offers a fresh perspective on a style that would come to represent the dominant mode of modernism for the American middle class Lavishly illustrated with 325 images the book narrates Art Deco s evolution in 101 key works carefully curated and chronologically organized to tell the story of not

just a style but a set of sensibilities Critical essays from leading figures in the field discuss the ways in which Art Deco created an entire visual universe that extended to architecture advertising household objects clothing and even food design Through this comprehensive approach to one of the 20th century s most pervasive modes of expression in America Art Deco Chicago provides an essential overview of both this influential style and the metropolis that came to embody it [A History of the Future](#) Peter J.
