American Zone:

The American Zone L. Neil Smith,2002-10-04 In the North American Confederacy People are free really free Free to do as they please whether it be starting a business running for elected office or taking target practice in the back forty There s not a whole lot of government nor is there a lot of crime because everyone who wants to carries a gun and isn t afraid to use it But someone has bombed the Endicott Building killing hundreds of people and Win Bear the only licensed detective in the confederacy has to find out who did this dastardly deed and why Because whoever did it has already shown their willingness to commit more terrorist acts no matter how many people are hurt And that can t go on or soon the confederacy will be just as the bad old United States and that is something they want to avoid at all costs Hearings United States.
