# Children's Access to Care by Health Insurance Status, 2012

Private Medicaid/Other Public Uninsured

\* In past 12 months

NOTES: Question about dental care was analyzed for children age 2-17. All other questions were analyzed for all children under age 18. MD contact includes other health professionals. Respondents who said usual source of care was the emergency room were included among those not having a usual source of care. All differences between the uninsured and the two insurance groups are statistically significant ( $p < 0.05$ ).
