Americas Wars Why:

America's Wars in Asia Philip West, Steven I. Levine, Jackie Hiltz, 1998 Even though the cultural approach concerns itself with the local and the particular rather than with the abstract and universal it is inherently comparative Moreover it also relocates each war in the historical and cultural experiences of Asian countries themselves rather than seeing the war as merely a conflict between the United States and Asian nations *Why America Fights* Susan A. Brewer, 2011-03-17 Why America Fights explores how the U S government has sold war aims designed to rally public support throughout the 20th century

America's Wars Alan Axelrod, 2002-04-15 This book provides information on every significant recorded conflict in American history from Bunker Hill to the Bataan Peninsula from Antietam to Afghanistan The book sheds light on the underlying causes of each conflict and offers insight and perspective on the conduct and historical impact of more than 100 armed struggles Dust jacket **Boundary Disputes in Latin America** Jorge I. Domínguez, David R. Mares, 2003

Political History of America's Wars, 2007 Political History of America's Wars is the first reference work to explore the legislative social and policy aspects of America's major wars rebellions and insurrections This new volume weaves together important primary source documents informative biographies and in depth essays to provide coverage of the political antecedents events and consequences of America's wars from the American Revolution to Operation Iraqi Freedom

Why We War Al Smith, 2006-11-01 Why We War begins a new dialog about war and the social organization of peace This book reorients the thinking about war from a preoccupation with a war to an investigation into the phenomenon of war itself There is an unequal investment in war that has historically damaged the ability of social systems to perform adequately for all members of society The result is ongoing strife warfare and poverty War emerges as the disease of civilization and the bane of human rights *The Encyclopedia Americana*, 1922 **American Veterinary Review**, 1905 Report of the 30th 41st annual meeting of the United States Live Stock Sanitary Association included in the journal's Mar issues 1927 38 v 70 92

South American, 1916 **The Deaths of Others** John Tirman, 2011-07-01 Americans are greatly concerned about the number of our troops killed in battle 33 000 in the Korean War 58 000 in Vietnam 4 500 in Iraq and rightly so But why are we so indifferent often oblivious to the far greater number of casualties suffered by those we fight and those we fight for This is the compelling largely unasked question John Tirman answers in *The Deaths of Others* Between six and seven million people died in Korea Vietnam and Iraq alone the majority of them civilians And yet Americans devote little attention to these deaths

Other countries however do pay attention and Tirman argues that if we want to understand why there is so much anti Americanism around the world the first place to look is how we conduct war We understandably strive to protect our own troops but our rules of engagement with the enemy are another matter From atomic weapons and carpet bombing in World War II to napalm and daisy cutters in Vietnam and beyond our weapons have killed large numbers of civilians and enemy soldiers Americans however are mostly ignorant of these methods believing that American wars are essentially just necessary and good Trenchant and passionate *The Deaths of Others* forces readers to consider the tragic consequences of American military action not just for Americans but especially for those we fight against
