Best Laid Schemes:

Best Laid Schemes Meredith Nicholson,1922 *The Best Laid Schemes* Robert Burns,2021-07-13 The definitive selection of Robert Burns s best poetry and prose including some newly discovered verses There are more statues of Robert Burns in the United States than there are of any American poet Scotland s favorite poet has been loved by generations of Americans from Abraham Lincoln and Walt Whitman to Robert Frost Maya Angelou and Bob Dylan Now this book makes Burns s greatest poetry more accessible to American readers than ever before This is the only comprehensive selection of his work that has discreet line by line marginal glossing of the Scots archaic and obscure words allowing readers to understand and enjoy the poems without constantly having to turn to footnotes or a glossary Newly edited from manuscripts and early printed texts this definitive wide ranging collection also introduces some recently discovered verses and it is the only edition to present a substantial selection of Burns s important prose writings including letters and key statements about his art Edited and annotated by acclaimed Burns biographer Robert Crawford and textual expert Christopher MacLachlan the book also includes a substantial introduction that puts the poet in biographical historical and cultural context *The Best Laid Schemes* demonstrates like no other collection why Burns is considered one of the world s greatest poets of love and democracy and why he continues to entertain move and intrigue readers two and a half centuries after his birth **The Facts on File Dictionary of Proverbs** Martin H. Manser,Rosalind Fergusson,2007 Lists the meaning and origin of more than 1 700 traditional and contemporary English proverbs **Index to Short Stories** Ina Ten Eyck Firkins,1923 **Index to Science Fiction Anthologies and Collections** William Contento,1978 *Robert Burns in Global Culture* Murray Pittock,2011-05-19 Robert Burns has been a key figure in Scottish identity globally since his death in 1796 But he has always been much more than that In America his admirers have included Emerson President Lincoln Maya Angelou and many others for Burns was long held to be a friend to the American way of life an opponent of kings and tyranny and someone who proved that the values that built the United States were not extinct in Europe In Europe itself Burns was seen as both an authentic voice of the people a representative of their way of life and a progressive informed and radical writer In the British Empire and later the Commonwealth he was a symbol of Scottish nationality and sociability abroad In more recent times he has been seen as a poet of universal brotherhood and sisterhood It takes a great poet to be all things to all people and to be interpreted so variously worldwide One of the extraordinary things about Burns is that while his books were sold globally while he remains the second most translated Scottish author of all time and when even the USSR issued a stamp in his honor the postwar academic world turned away from a poet whom it had previously recognized as a major figure Burns disappeared from accounts of Romanticism and such meager helpings of critical attention as he received were often directed towards his supposed status as a laboring class or dialect poet a status which is completely at odds with Burns sophisticated control of register *Robert Burns in Global Culture* is an ambitious book Drawing on the work of leading experts from Scotland England

North America France Germany and Spain it analyses the reasons for Burns critical decline examines the phenomenon of Burns global influence on areas from Italian politics to American identity and places Burns influence reputation and unique qualities as a poet within a framework of reference which blends rigorous intellectual inquiry into the poet and his poetry with analyses of popular culture
