Carey, 1895 **Philosophical essays. 1855** Dugald Stewart, 1971 The Journal of Education , 1901 *Poetry, Pictures, and Popular Publishing* Lorraine Janzen Kooistra, 2014-10-07 In Poetry Pictures and Popular Publishing eminent Rossetti scholar Lorraine Janzen Kooistra demonstrates the cultural centrality of a neglected artifact the Victorian illustrated gift book Turning a critical lens on drawing room books as both material objects and historical events Kooistra reveals how the gift book s visual verbal form mediated high and popular art as well as book and periodical publication A composite text produced by many makers the poetic gift book was designed for domestic space and a female audience its mode of publication marks a significant moment

in the history of authorship reading and publishing With rigorous attention to the gift book s aesthetic and ideological features Kooistra analyzes the contributions of poets artists engravers publishers and readers and shows how its material form moved poetry into popular culture Drawing on archival and periodical research she offers new readings of Eliza Cook Adelaide Procter and Jean Ingelow and shows the transatlantic reach of their verses Boldly resituating Tennyson s works within the gift book economy he dominated Kooistra demonstrates how the conditions of corporate authorship shaped the production and reception of the laureate s verses at the peak of his popularity Poetry Pictures and Popular Publishing changes the map of poetry s place in all its senses in Victorian everyday life and consumer culture The Photo Essay, Paul Fusco & Will McBride Tom Moran, Paul Fusco, Will McBride, 1974 The Picture of Dorian Gray in the Twenty-First Century Kaye, 2025 This collection of new essays devoted to Oscar Wilde s classic novel presents new critical work by prominent scholars that deal with numerous aspects of the famed novel Essays range from early literary influences on the novel and its controversial early reception to its afterlife in literature film dance photography theatre and television In addition to considering Dorian Gray as an iconic queer work of fiction that daringly challenged late Victorian literary practices the volume explores Wilde s novel in terms of the history of the European novel and the book s innovations as a gothic supernatural work that defied the conventions of nineteenth century realism Along with striking illustrations of the novel since its publication including images from popular adaptations the volume includes never before translated early reviews of the novel in the European press along with an unpublished parody of Wilde s novel in the form of an examination paper by the English writer Max Beerbohm Edited by Richard Kaye this volume offers multiple and fascinating perspectives on Oscar Wilde s classic in fourteen highly readable essays The American Magazine of Art, 1922 **The Swedish Nation in Word and Picture** Herman Lundborg, John Axel Mauritz Runnstrom, 1921 Prism(s), 1998 *Illustration* Joseph Hillis Miller, 1992 Positioning himself in the slippery divide between two highly charged critical approaches deconstruction and cultural studies J Hillis Miller explains why the split occurred and offers for the first time an eloquent analysis of the goals and methods of cultural studies Miller s *Illustration* is an intellectual adventure that transgresses the boundaries of critical theory to reveal the ideological forces at work The result art critic Norman Bryson concludes is an extraordinary performance In a positive constructive way Miller describes cultural studies as primarily a means of contextualizing works of art Relating the assumptions behind this approach to recent social political and technological changes he shows how cultural studies is itself subject to its context and thus perhaps misguided insofar as it portrays art objects as mere illustration In particular Miller considers new forms of electronic research in the humanities which with their vast homogenizing effect on data can compel a critic to reconfigure information in fact to create the context that he or she means simply to identify To illustrate this phenomenon Miller investigates one topic of importance for cultural studies the relation of verbal and visual forms in multimedia works Drawing examples from Twain Gorey Mallarme James Ruskin Heidegger Dickens and Turner he

shows how neither word nor image takes priority in such collaborations nor is either a mere representation of a pre existing reality The transformations wrought by cultural artifacts on their contexts Miller contends must be identified through detailed and vigilant rhetorical readings if the force of a work of art is to be passed on into the current cultural situation And for the new form these readings take the reader critic must in turn assume responsibility **Magazine of Art** ,1922
