Words of Spirituality Enzo Bianchi, 2012-10-15 Abba give me a word So young monks and visitors to desert monasteries would often address an elder at the beginning of the fourth century These seekers believed that a word originating outside oneself would descend into the heart and give direction to one's inner life Enzo Bianchi has tried to let himself be guided by the biblical and patristic tradition in *Words of Spirituality* his response to the requests of those who ask him for a reason for his hope These words of Fr Bianchi are not listed alphabetically or by theme Rather they are arranged to take us on a journey Through the use of a method of allusions and cross references one term evokes another explains it in part and sets aside some elements of its definition to be taken up further on At the heart of the book is the conviction that our life has meaning it is not our task to invent or determine that meaning but simply to discover it present and active in and around us
