Discursos e Identidades en la Ficción Romántica / Discourses and Identities in Romance Fiction María Isabel González-Cruz,2022-03-01 Despreciado por la crítica por su condición de literatura popular y femenina el género romántico no solo continúa imbatible en el mercado editorial con su elevado índice de ventas sino que en las últimas décadas está siendo objeto de interesantes estudios académicos Discursos e Identidades en la Ficción Romántica se suma a esta corriente al abordar el análisis interdisciplinar de un corpus de novelas publicadas en lengua inglesa entre 1955 y 2004 Ambientados en las islas atlánticas de Madeira y Canarias estos textos encierran una variedad de discursos que ponen de manifiesto una visión muy anglofona de los lugares visitados por los protagonistas Además del esperado discurso de género en sus páginas se detecta un discurso del paraíso que resalta el exotismo de las islas despertando en ocasiones la concienciación medioambiental aunque también se perciben actitudes lingüísticas e incluso raciales a medida que las autoras indagan en el descubrimiento del Otro Ni los personajes ni los narradores son ajenos al choque de identidades y al contacto lingüístico angloespañol y angloportugués de manera que los conflictos que generan la identidad nacional la identidad de género y la identidad étnica se vislumbran claramente tras la aparente sencillez de la intriga amorosa de este tipo de novelas Disdained by critics for its status as popular and feminine literature romance fiction not only remains unbeatable in the publishing market in terms of sales but has also been the subject of interesting academic studies in recent decades Discourses and Identities in Romance Fiction joins this trend by addressing the interdisciplinary analysis of a corpus of novels published in English between 1955 and 2004 Set on the Atlantic islands of Madeira and the Canaries these texts develop a variety of discourses that reveal a very Anglophone vision of the places visited by their protagonists In addition to the expected gender discourse these romances tend to include a paradise narrative that highlights the exoticism of the islands sometimes awakening environmental awareness Linguistic and even racial attitudes also come to the forefront as the writers explore and describe the features of the Other Neither the characters nor the narrators are oblivious to the clash of identities and the linguistic contact English Spanish and English Portuguese exposed in this type of novels revealing the conflicts generated by national gender and or ethnic identities behind the apparent simplicity of their love plots

Love, Language, Place, and Identity in Popular Culture María Ramos-García,Laura Vivanco,2020-01-31 Love Language Place and Identity in Popular Culture Romancing the Other explores the varied representations of Otherness in romance novels and other fiction with strong romantic plots Contributors approaches range from sociolinguistics to cultural studies and the texts analyzed are set on four continents with particular

emphasis on Caribbean and Atlantic islands What all the essays have in common is the exploration of representations of the Other be it in an inter racial or inter cultural relationship Chapters are divided into two parts the first examines place travel history and language in 20th century texts while the second explores tensions and transformations in the depiction of Otherness mainly in texts published in the early 21st century This book reveals that even at the end of the 20th century these texts display neocolonialist attitudes towards the Other While more recent texts show noticeable changes in attitudes these changes can often fall short as stereotypes and prejudices are often still present just below the surface in popular novels The understudied field of popular romance in which the Other is frequently present as a love interest proves to be a fruitful area in which to explore the potential and the realities of the treatment of Otherness in popular culture Scholars of literature communication romance and rhetoric will find this book particularly useful
