Beyond My Dreams Peter Marmureanu, 2014-11-25 When Peter Marmureanu started learning tennis in communist held Romania he was ten years old playing barefoot on clay courts swinging a wooden paddle that served as a racket Eight years later as a member of Romanias Davis Cup team Marmureanu was traveling side by side with Ilie Nastase and Ion Tiriac to the worlds capitals playing tournaments in Cairo Monte Carlo Paris London Moscow and scores of other cities In *Beyond My Dreams* Marmureanu recounts his life story and how he was forced to become a designated courier for the Securitate traveling with packets of top secret documents concealed in his racket cover for delivery to Romanian embassies In a last minute flight to freedom that sounds like an espionage thriller Marmureanu narrates how he made his escape But even in America where Donald Rumsfeld and President Gerald Ford helped secure his citizenship he lived for many years under FBI protection carrying a handgun for his own safety knowing the danger that loomed over Romanias defectors and what might happen if he ever went back And yet for the sake of his family Marmureanu risked a return witnessing firsthand the initial moments of insurrection preceding the fall of an evil regime In this memoir filled with intrigue courage and defiance Marmureanu tells how he escaped one of the most repressive regimes on earth the incredible but true adventure of one mans flight to freedom

Blass,2002-04-04 The implications of this argument are both practical and theoretical by providing sorely absent scientific and philosophical grounding to the very foundations of dream interpretation the book clarifies and broadens the possibilities of dream interpretation within the clinical setting and breaks new ground in the field of psychoanalytic epistemology and the philosophy of the human sciences **BOOK JACKET** **The Humanity of Therapists** Francis Martin,2025-12-11 Many therapists readily recognize their challenges Among many that could be named some are common including the suicidal client deflated and failed parents the enraged substance abuser the victimized child the borderline client and the defiant and identity confused adolescent Practicing therapists could readily add numerous other challenges No matter which therapists compose the list of challenges they also recognize that their respective lists evoke the demands of managing their humanity The plain reality is that the humanity of therapists and their clients pose immense challenges for therapists At least they understand that their humanity in their clinical work compels them to cope with the multi layered ambiguities that attend their humanity They must be energized even when they are tired They must think clinically even when they are sexually frustrated They must conscientiously attend to the needs of their clients even when their spouse is medically compromised They must show appropriate confidence in the services they deliver even when they harbor potentially crippling doubts These things and more characterize the humanity of therapists as they live their professional and personal lives **The Dream Document** Ken Howell,2000-08 During every waking moment of your day a variety of experiences influence your perceptions decisions and actions Invariably some of these experiences linger in your thoughts This lingering influence persists during your unconscious sleeping state as dreams Your dreams are a result of experiences that persist in influence upon your mind while you sleep The Dream Document lights a unique path to this remarkable aspect of human experience It is the first and only book that clearly explains the nature and language of dreams With nearly 900 original entries The Dream Document offers a perspective of mind consciousness and dreaming that is nearly 60 years ahead of mainstream **The Dream in Homer and Greek Tragedy** William Stuart Messer,1918 Examines aspects of the dream in Homer and Greek tragedies as an originating cause or impetus of the action in a poem or play [The Dream Experience](#) Milton Kramer,2013-08-21 This book provides the mental health professional a systematic scientific basis for understanding the dream as a psychological event Based on extensive research the book is an illuminating description of dreaming for dreamers therapists and neuroscientists *The dream of youth* Hugh Black,1894 **Fly Your Dreams Today** Wa Leopard,2016-12-23 This book is written to encourage people who are struggling to not give up on their dreams It inspired me to motivate other people who feel that they want to give up in life Your dreams are valid It is never too late just wake up and work on your dreams Start today you have nothing to lose However you have the whole life to win Todays pain is tomorrows power The more you suffer today the stronger you are tomorrow Dreams are illustrations from the book your soul

is writing about you Keep calm and live your dreams Self pity is self defeating Follow your dreams they know the way The book is the new plans for rebuilding a more successful life The future belongs to those who believe in the beauty of their dreams Every great dream begins with a dreamer Always remember you have within you the strength the patience and the passion to reach for the stars to change the world Men are nourished by the beautiful visions of their solitary dreams Believe in the beauty of your dreams They are given to you for a reason Never stop dreaming Go confidently in the direction of your dreams and live the life that you have always imagined
