Bomb, 2004. *Art Journal*, 1960. *Institutional Critique and After* Southern California Consortium of Art Schools, 2006. Institutional critique and after explores the history and contemporary reassessment of the Institutional Critique movement launched in the late 1960s, redeveloped in the 1980s and vigorously reoriented in recent years to address issues such as globalization. In this publication the histories, theories, diverse locations and different kinds of institutional alternative space are investigated looking at traditional forms of art but also at installation, performance, new media practices and cultural activism. Its central questions turn on the critical potential of art and institutions and whether and if so how they can stimulate social or political change.
