John W. Young

Bhip Brit European Unity 2nd Ed:

Britain and European Unity, 1945-1999 John W. Young, 2000-05-19 This book provides a lucid and comprehensive survey of British policy towards European integration from 1929 when a French foreign minister first suggested a European Federation to 1999 when the single currency the Euro was launched Fully revised and updated this second edition explains why Britain did not become a founder member of the European Community in the 1950s what motivated the French to prevent Britain from joining in the 1960s and why since 1973 most British governments have found it hard to commit to a European future *Britain and European Unity, 1945-1992* John W. Young, 1993 *Visions Of European Unity* Philomena Murray, 2019-06-18 Surveying the ideals and visions held by the founders of the European Community this timely book also assesses the concepts and theories surrounding the European Union today This volume is the first to explore the theoretical cleavages among Monnet Spinelli the federalists and the functionalists together with the views of the Socialist Labour

European Unity, 1950 **Britain, France, and the Unity of Europe, 1945-1951** John W. Young, 1984 **Making the New Europe** M. L. Smith, Peter M.R. Stirk, 2016-10-06 This volume evaluates the notion of European Unity in a period when European identity was subjected to the destructive consequences of Nazi and Fascist domination of much of the Continent By presenting the competing visions of transformation and reconstruction played out during the war years the book aims to provide broader based and more complex insights into forces that shaped the post war period than those in conventional accounts that locate the thinking about European unity only in the years after 1945 **European Unity** British Society for International Understanding, 1960 **Reluctant Europeans** David Gowland, Arthur Turner, 2014-09-25 During the past fifty years few issues in British politics have generated such heated controversy as Britain's approach to European integration Why has Europe had such an explosive impact on British politics What impelled British policymakers to embrace a European destiny and why did they take such a cautious approach These are some of the key issues addressed in *The Reluctant Europeans* This new study draws upon recently available source material providing a clear chronological account and covering events right up to Blair's first year in office and the launch of the Euro *European Unity - Current Problems and Future Prospects*, 1964 **Negotiating Unity and Diversity in the European Union** Florian Bieber, Roland Bieber, 2021-11-05 This book explores how the European Union has been responding to the challenge of diversity In doing so it considers the EU as a complex polity that has found novel ways for accommodating diversity Much of the literature on the EU seeks to identify it as a unique case of cooperation between states that moves past classic international cooperation This volume argues that in order to understand the EU's effort in managing the diversity among its members and citizens it is more effective to look at the EU as a state While acknowledging that the EU lacks key aspects of statehood the authors show that looking at the EU efforts to balance diversity and unity through the lens of state policy is a fruitful way to understand the Union Instead of conceptualising the EU as being incomparable and unique which is neither an international organisation nor

a state the book argues that EU can be understood as a polity that shares many approaches and strategies with complex and diverse states As such its effort to build political structures to accommodate diversity offers lessons to other such polities The experience of the EU contributes to the understanding of how states and other polities can respond to challenges of diversity including both the diversity of constituent units or of sub national groups and identities Unity Series. III. Recent Developments in European Thought ... Second Edition, Etc Francis Sydney MARVIN,1929 **European Unity** Jason Hewitt,1993
