Animal Theologians Andrew Linzey, Clair Linzey, 2023 Many people who have thought about God have not thought about animals or about the relationship between the two But among those who have are some of the most celebrated religious thinkers including Michel de Montaigne Thomas Tryon John Wesley John Ruskin Leo Tolstoy Mohandas K Gandhi Albert Schweitzer and Paul Tillich This volume comprises 24 scholarly studies that detail challenges to the dominant anthropocentrism of most religious traditions The editors have brought together Jewish Unitarian Christian transcendentalist Muslim Hindu Dissenting deist and Quaker voices each offering a unique theological perspective that counters the neglect of the nonhuman Animal Theologians is divided into three parts starting with the pioneers who first saw a relationship between animals and divinity those who contributed to the expansion of social sensibility to animals and ending with the work of contemporary theologians The essays in this volume use contextual and historical background to describe what led animal theologians to their beliefs and then pave way for further developments in this expanding field This volume is an act of reclaiming different religious traditions for animals by recovering lost voices

Mormonism in Dialogue with Contemporary Christian Theologies David Lamont Paulsen, Donald W. Musser, 2007 This volume brings together for the first time a broad range of scholars from Mormon and other Christian traditions Replacing polemics and apologetics with dialogue these exchanges show how the full spectrum of contemporary theologies can be informed by uniquely Mormon ideas and correlatively how Mormon thought can be illuminated through the study of key ideas of the foremost theologians of the twentieth and twenty first centuries

[The Barth Lectures](#) Colin E. Gunton, 2007-07-10 Colin Gunton was world renowned as a scholar systematic theologian and Reformed minister however he never lived to fulfill his ambition to write a book devoted solely to Barth Gunton on Barth is an in depth analysis derived from the lecture course he gave most years at King's College London something of an annual institution it was aimed at undergraduates though the majority of those attending were MA PhD students and researchers

from America and Germany Approximately half of the work consists of quotations representing an essential understanding Colin was a creative lecturer although he worked from notes he gave space to the free rein of his mind particularly when fielding questions or trying to analyze a particular strand of Barth s thought Colin s understanding and expertise was world renowned He did not take all Barth wrote uncritically he struggled and wrestled with this giant of twentieth century theology as he always said at the beginning of the course Not everyone buys into Barth I don t all the way along the line as I get older I get more and more dissatisfied with the details of his working out of the faith over the years I think I have developed a reasonable view of this great man who is thoroughly exciting and particularly I can guarantee if you do this course that you will be a better theologian by the third year whether or not you agree with him he is a great man to learn to think theologically with *Revelation and Reason* Colin E. Gunton,2008 *Revelation and Reason* brings together a collection of Colin Gunton s lectures in a volume that highlights the creative thought of a widely read theologian and philosopher
