The Early Reformation in Europe Andrew Pettegree,1992-10-08 In the generation that followed Martin Luther's protest the evangelical movement in Europe attracted very different levels of support in different parts of the continent Whereas in eastern and central Europe the new movement brought a swift transformation of the religious and political landscape progress elsewhere was more halting in the Mediterranean lands and western Europe initial enthusiasm for reform failed to bring about the wholesale renovation of society for which evangelicals had hoped These fascinating contrasts are the main focus of this volume of specially commissioned essays each of which charts the progress of reform in one country or region of Europe Written in each case by a leading specialist in the field they provide a survey based on primary research and a thorough grasp of the vernacular literature For both scholars and students they will be an invaluable guide to recent debates and literature on the success or failure of the first generation of reform

Dissident Identities in the Early Modern Low Countries Alastair Duke,Andrew Spicer,2016-12-05

Alastair Duke has long been recognized as one of the leading scholars of the early modern Netherlands known internationally for his important work on the impact of religious change on political events which was the focus of his *Reformation and Revolt in the Low Countries* 1990 Bringing together an updated selection of his previously published essays together with one entirely new chapter and two that appear in English here for the first time this volume explores the emergence of new political and religious identities in the early modern Netherlands Firstly it analyses the emergence of a common identity amongst the amorphous collection of states in north western Europe that were united first under the rule of the Valois Dukes of Burgundy and later the Habsburg princes and traces the fortunes of this notion during the political and religious conflicts that divided the Low Countries during the second half of the sixteenth century A second group of essays considers the emergence of dissidence and opposition to the regime and explores how this was expressed and disseminated through popular culture Finally the volume shows how in the age of confessionalisation and civil war challenging issues of identity presented themselves to both dissenting groups and individuals Taken together these essays demonstrate how these dissident identities shaped and contributed to the development of the Netherlands during the early modern period

Eradicating the Devil's Minions Gary K. Waite,2007-01-01 As a religious sect the Anabaptists were seen to practice unusual rituals and follow an eccentric set of beliefs One story for instance purports that an Anabaptist prophet claiming to have visited heaven persuaded his followers to run naked through the streets of Amsterdam Eradicating the Devil's Minions

investigates these beliefs in the context of Reformation Europe a time in which persecution religious intolerance and witch hunting were rampant Focusing primarily on the Habsburg controlled regions of Europe Gary K Waite argues that the persecution of Anabaptists did not go hand in hand with the outbreak of witch hunts in the mid sixteenth century Rather as distrust of Anabaptists predated the first major witch panic of 1562 63 Waite suggests that the virulent propaganda against Anabaptist heretics helped convince governments of the existence of a diabolical threat Although Anabaptists rejected religious magic they were consistently demonized by Catholic and Lutheran polemicists Eradicating the Devil s Minions is an investigation into the roots of religious intolerance in Reformation Europe and a unique examination of mass hysteria and social extremism *Documenta anabaptistica Neerlandica: The forgotten writings of the Mennonite martyrs* ,

Profiles of Anabaptist Women C. Arnold Snyder,Linda A. Huebert Hecht,2010-10-30 During the upheavals of the Reformation one of the most significant of the radical Protestant movements emerged that of the Anabaptist movement Profiles of Anabaptist Women provides lively well researched profiles of the courageous women who chose to risk prosecution and martyrdom to pursue this unsanctioned religion a religion that unlike the established religions of the day initially offered them opportunity and encouragement to proselytize Derived from sixteenth century government records and court testimonies hymns songs and poems these profiles provide a panorama of life and faith experiences of women from Switzerland Germany Holland and Austria These personal stories of courage faith commitment and resourcefulness interweave women s lives into the greater milieu relating them to the dominant male context and the socio political background of the Reformation Taken together these sketches will give readers an appreciation for the central role played by Anabaptist women in the emergence and persistence of this radical branch of Protestantism *Documenta anabaptistica Neerlandica: Friesland (1551-1601) and Groningen (1538-1601)* , **Documenta anabaptistica Neerlandica: Cronica.
