*Beyond Tradition and Modernity* R. J. Werblowsky, 2016-10-06 First delivered in 1974 as one of the Jordan Lectures in Comparative Religion this book considers and compares traditional or pre modern and post traditional or post modern religions It assesses the processes as well as the images of change in various cultures principally Christianity Judaism Islam Hinduism and Buddhism and examines how these religions handle the dialects of rejection appropriation and integration

**Hindu Law** Werner Menski, 2008-09-10 This book presents a study on a postmodernist analysis of classical Hindu law which has become neglected due to the modernist assumptions about the increasing irrelevance of religious legal systems The book is split into three parts The first part focuses on the historical and conceptual background of Hindu law while the second part concentrates on five facets of Hindu law that go beyond tradition and modernity namely the Hindu marriage law child marriage polygamy divorce and the maintenance law Finally the third part presents a concluding analysis to the preceding chapters where it presents the postmodern condition of Hindu law *Beyond Tradition and Modernity* Raphael

Jehudah Zwi Werblowsky, 2018 First delivered in 1974 as one of the Jordan Lectures in Comparative Religion this book considers and compares traditional or pre modern and post traditional or post modern religions It assesses the processes as well as the images of change in various cultures principally Christianity Judaism Islam Hinduism and Buddhism and examines how these religions handle the dialects of rejection appropriation and integration Bloomsbury Publishing *Beyond Tradition and Modernity* Grace S. Fong, 2002 *Beyond Tradition and Modernity* Grace S. Fong, Nanxiu Qian, Harriet Thelma Zurndorfer, 2004-01-01 *Beyond Tradition and Modernity* is a collection of original essays which considers the complexities behind the dramatic changes generated in China at the end of the nineteenth century and exposes the new ideals and ideas voiced by men and women that reflect the changing boundaries of gender at this time **Beyond Tradition and**

**Modernity in Madras** Milton Singer, 1971 *Beyond Tradition and Modernity* Madawi Al-Rasheed, 2018 A persistent narrative about Saudi Arabia describes the country as in perpetual struggle between the forces of modernity and the forces of traditionalism This development model was fashionable in the 1950 60s But since then it has been subjected to critical evaluation However it persists as a paradigm to explain Saudi Arabia This paper contributes to the on going evaluation of the paradigm and its shortcoming I first explain why it persists and for what political reasons it continues to inspire commentators Second I propose a model based on understanding domestic politics and its dependence on outside approval to help us understand the current so called revolutionary transformation of the current Crown Prince Muhammad ben Salman I argue that Saudi Arabia had and will continue to have a mixture of modernists and traditionalists with the understanding that someone can be both a modernist and a traditionalist at once Others will always escape ready made classifications as they combine in their beliefs and practices contradictory impulses inclinations and orientations *Beyond Coloniality* Aaron Kamugisha, 2019-02-01 Against the lethargy and despair of the contemporary Anglophone Caribbean experience Aaron

Kamugisha gives a powerful argument for advancing Caribbean radical thought as an answer to the conundrums of the present. *Beyond Coloniality* is an extended meditation on Caribbean thought and freedom at the beginning of the 21st century and a profound rejection of the postindependence social and political organization of the Anglophone Caribbean and its contentment with neocolonial arrangements of power. Kamugisha provides a dazzling reading of two towering figures of the Caribbean intellectual tradition: C. L. R. James and Sylvia Wynter and their quest for human freedom beyond coloniality. Ultimately, he urges the Caribbean to recall and reconsider the radicalism of its most distinguished 20th century thinkers in order to imagine a future beyond neocolonialism.

[Beyond Bollywood](#) Jigna Desai, 2004. Table of contents. [Beyond Consumption](#) Manish K Jha, Pushpendra, 2021-10-14. This book analyses India's middle class by recognising the diversity within the class: the people, their practices, and the production of spaces. It explores the economic and social lives of the new middle class, expanding the areas of inquiry beyond consumption in post-liberalisation India and its intersectionalities with gender, caste, religion, migration, and other socioeconomic markers in various cities across the country. The book interrogates the meanings and perceptions of social mobility, growth, consumerism, technology, social identity, and development, and examines how they can be emancipatory or subjugating in different contexts. It engages with the new entrants in the middle class, particularly from the marginalised sections, their struggles, insecurities, anxieties, agency, and experiences. The personal, emotive, and psychic dimensions of social mobility have been dealt with in the larger context of socioeconomic settings. The book crosses disciplinary and spatial boundaries and uses a variety of methodologies to provide perspectives on several unexplored or underexplored areas of India's new middle class. This book will be of interest to scholars and researchers of sociology, economics, development studies, public policy, social work, and South Asian studies.

**China Unbound** Paul A. Cohen, 2003-09-02. This volume contains a number of articles on modern Chinese history and historiography written by one of the leading academic experts on the subject. The author provides a critique of older approaches to nineteenth century history and offers powerful reinterpretations of such key events in the recent history of China as the Boxer Rebellion, Mao's ascension to power in 1949, and the process of political and economic reform in the post-Mao era. This is a strong collection which will be of enormous interest to scholars of East Asian history.

[Discovering History in China](#) Paul A. Cohen, 1984. Serious study of nineteenth and twentieth century Chinese history did not really get under way in the United States until after World War II. Since then, scholarly publication has proliferated and a genuine professional field, by far the largest and most active in the West, has taken shape. Now, for the first time, we have a critical, book-length analysis of this development written by an insider and structured around the leading conceptual approaches that have informed American scholarship in the postwar decades. In Paul A. Cohen's view, the supreme problem for American students of Chinese history, particularly in its post-Western impact phase, has been one of ethnocentric distortion. The first two chapters of the book explore this problem in connection with the two approaches that were most influential in American scholarship of the 1950s and 1960s: the impact response and

modernization tradition modernity approaches In chapter three Dr Cohen argues that a third major approach the imperialism approach although emerging in the late 1960s as a critique of the two earlier approaches has been no less Western centric in its basic presuppositions The final chapter traces the increasing efforts of American historians to move beyond the Western centric paradigms of the past toward a more China centered approach to recent Chinese history an approach that strives empathetically to reconstruct the Chinese past as the Chinese themselves experienced it rather than in terms of an imported sense of historical problem Dr Cohen concludes with a discussion of some of the implications of this new approach for our understanding of recent Chinese history Students of Chinese history Sino American relations and the evolution of American historical scholarship on non Western societies will welcome this perceptive and thought provoking book

**Beyond the Tradition of Modernity** Mark Gordon, 1994 Tradition through Modernity Pertti J. Anttonen, 2018-03-14 In their study of social practices deemed traditional scholars tend to use the concept and idea of tradition as an element of meaning in the practices under investigation But just whose meaning is it Is it a meaning generated by those who study tradition or those whose traditions are being studied In both cases particular criteria for traditionality are employed whether these are explicated or not Individuals and groups will no doubt continue to uphold their traditional practices or refer to their practices as traditional While they are in no way obliged to explicate in analytical terms their criteria for traditionality the same cannot be said for those who make the study of traditions their profession In scholarly analysis traditions need to be explained instead of used as explanations for apparent repetitions and replications or symbolic linking in social practice values history and heritage politics This book takes a closer look at tradition and folklore in order to conceptualize them within discourses on modernity and modernism The first section discusses modern and traditional as modern concepts and the study of folklore as a modern trajectory The underlying tenet here is that non modernity cannot be represented without modern mediation which therefore makes the representations of non modernity epistemologically modern The second section focuses on the nation state of Finland and the nationalistic use of folk traditions in the discursive production of Finnish modernity and its Others The insights are applicable worldwide in discussions on cultural representation

**Beyond Exemplar Tales** Joan Judge, Ying Hu, 2011 This volume develops new strategies for reading contextualizing and interpreting the long Chinese tradition of women s biography Drawing upon a vast array of sources from formal biography to poetry letters and oral interviews the authors examine how women s biography served particular cultural political and world making projects and how it illuminates these projects in new ways by highlighting tensions within and between them Book Jacket

**Beyond Primitivism** Jacob Kęhinde Olupona, 2004 At a time when local traditions across the world are forcibly colliding with global culture Beyond Primitivism explores the future of indigenous religions as they encounter modernity and globalisation

**Michigan Journal of International Law** , 2004 **Birth in the Pacific** Vicki Lukere, Margaret Jolly, 2001-11-30 This collection explores birthing in the Pacific against the background of debates about tradition and modernity A wide

ranging introduction and conclusion together with case studies from Papua New Guinea New Caledonia Vanuatu Fiji and Tonga show how simple contrasts between traditional and modern practices technocratic and organic models of childbirth indigenous and foreign approaches and notions of before and after can be potent but problematic The difficulties entailed confront public health programs concerned with practical issues of infant and maternal survival in developing countries as well as scholarly analyses of birthing in cross cultural contexts The introduction analyzes central concepts and themes questions of survival safety and well being the significance of postures practices and sites the role of midwives traditional birth attendants and nurses and the role of men in birthing and reproduction Contributors four anthropologists a historian and a community health worker offer insights into the ways mothers midwives and nurses relate the traditional and the modern and how ideas of tradition and modernity have shaped representations of Pacific childbirth The conclusion provides researchers with a guide to relevant literature from several disciplines As a whole the collection warns against either a celebration of emancipation through biomedicine or a recuperative romance about women s past powers in reproduction Contributors Ruta Fiti Sinclair Margaret Jolly Vicki Lukere Shelley Mallett Helen Morton Christine Salomon Hallowing Days Gregory Ethan Kaplan,2003 □□□□ ,1984
