LeMaster, 2021-12-14 Could a man who never earned a master s degree tell the nation s teachers and administrators how to run their schools Jesse Stuart who had a life long love of education did just that From Stuart s autobiographical works J R LeMaster has chosen selections that demonstrate his philosophy of learning and teaching and his philosophy of life The selections establish a loose chronology of events in Stuart s lifelong education and describe his experience as preschooler student teacher and school administrator This multiple perspective LeMaster suggests is essential to understanding the process we call education a process Jesse Stuart located in nature believing that human beings are first and foremost natural beings and only incidentally cultural beings That is while we belong to an order of human beings we also belong to a larger order a universe of living things In his general introduction LeMaster discusses Stuart s life and philosophy providing the reader with a backdrop against which to study selections from Beyond Dark Hills The Thread That Runs So True The Year of My Rebirth God s Oddling Mr Gallion s School To Teach To Love and other Stuart works Each excerpt is illumined by LeMaster s discussion of its place in Stuart s philosophy of education Those concerned with the apparent breakdown of the American educational system will find much to consider in LeMaster s discussion of the implications of Stuart s views on education He contends that the present crisis in our schools stems from an inadequate philosophy for living and that Jesse Stuart who believed education was a natural development knew as much all along **Appalachian Heritage** ,1997 **A Hard Journey** James J. Lorence, 2007 A Hard Journey brings to life Don West poet ordained Congregationalist minister labour organizer educator leftist radical activist and one of the most important literary and political figures in the southern Appalachians during the middle years of the twentieth century Motivated by religious conviction and driven by a vision of an open democratic and non racist society West was also a passionate advocate for the region s traditional values Rather than focus on his literary achievements alone James J Lorence s biography balances his literary work with political and educational activities placing West s poetry in the context of his fight for social justice and racial equality Uncovering the ethical and religious roots of West s militant antifascism Lorence uses previously unexamined sources to explore his early involvement in organizing miners and other workers for the Socialist and Communist Parties during the 1930s In detailing West s participation in the Communist Party and founding role in the Highlander Folk School and other training grounds for radically cooperative democratic ways of living Lorence also describes West s lifelong commitment to defending mountain culture as an activist for exploited workers and the rural poor In documenting West s lifetime commitment to creating a non racist egalitarian South A Hard Journey furnishes the spotlight he deserves as a pioneering figure in twentieth century

R. LeMaster,1979 **Reclaiming the American Farmer** Mary Weaks-Baxter,2006-05-01 In this stimulating study Mary Weaks Baxter views the Southern Renaissance 1900 1960 from a fresh perspective Many writers in the South began consciously to create new myths for the region at the start of the twentieth century and these myths Weaks Baxter argues reframed southern history and culture Instead of being rooted in the plantation culture that had provided inspiration for nineteenth century southern writers the new literature was inspired by southern folk the common people who farmed the earth and whose values derived from Jeffersonian agrarianism and democracy By glorifying the yeoman farmer a figure not only central to southern life but revered throughout the country southern writers confirmed the essential Americanness of southern literature and the southernness of American history creating a viable myth that offered the promise of renewal and purpose To illustrate how the myth crossed racial gender and economic boundaries as well as geographic lines Weaks Baxter examines the work of diverse writers including Willa Cather Ellen Glasgow Olive Dargan Zora Neale Hurston Jean Toomer Jesse Stuart Elizabeth Madox Roberts Harriette Arnow William Faulkner and the Nashville Agrarians Their portrayals of the lives of common men and women provided hope for all Americans as they were confronted with industrialization and the Great Depression Weaks Baxter shows how this agrarian fable led to a new Southern Renaissance in the late twentieth century influencing the work of contemporary southern writers such as Madison Smartt Bell Wendell Berry Alice Walker Dori Sanders and Bobbie Ann Mason With lively arguments and keen insights *Reclaiming the American Farmer* will change the terms of discussion about the Southern Renaissance and southern literature in general as it demonstrates how mythologies
