**John Tomasi**

## **Beyond Justice:**

**Beyond Justice** Cara C. Putman, 2017-04-04 Hayden is on track to become the youngest partner in her prestigious DC law firm. If the case she's just been handed doesn't destroy her first, Hayden McCarthy knows firsthand the pain that follows when justice is not served. It's why she became an attorney and why she's so driven in her career. When she's assigned a wrongful death case against the government, she isn't sure if it's the lucky break she needs to secure a partnership or an attempt to make sure she never gets there. Further complicating matters is Andrew Wesley, her roommate's distractingly attractive cousin. But Andrew's father is a congressman, and Hayden's currently taking on the government. Could the timing be any worse? The longer she keeps the case active, the higher the stakes become. Unknown enemies seem determined to kill the case or her. Logic and self-preservation indicate she should close the case. But how can she when justice is still just beyond her reach.

*Beyond Justice* Rebecca Wittmann, 2012-03-05 In 1963 West Germany was gripped by a dramatic trial of former guards who had worked at Auschwitz. It was the country's largest, most public trial and attracted international attention. Using pretrial files and extensive trial audiotapes, Wittmann offers a fascinating reinterpretation of Germany's first major attempt to confront its past.

**Beyond Justice as Fairness** Paul Nnodim, 2020-10-21 *Beyond Justice as Fairness: Rethinking Rawls from a Cross-Cultural Perspective* by Paul Nnodim explores the three foundational topics in Rawls's theories of justice: social justice, multiculturalism, and global justice, while deconstructing ideas of democratic citizenship, public reason, and liberal individualism latent in Rawls's treatment of these subjects to uncover their cultural and historical underpinnings. Furthermore, it investigates whether these ideas are compatible with the concept of the person in a non-Western context.

Liberalism Beyond Justice John Tomasi, 2001-02-11 Liberal regimes shape the ethical outlooks of their citizens, relentlessly influencing their most personal commitments over time. On such issues as abortion, homosexuality, and women's rights, many religious Americans feel pulled between their personal beliefs and their need as good citizens to support individual rights. These circumstances, argues John Tomasi, raise new and pressing questions: Is liberalism as successful as it hopes in avoiding the imposition of a single ethical doctrine on all of society? If liberals cannot prevent the spillover of public values into nonpublic domains, how accommodating of diversity can a liberal regime actually be? To what degree can a liberal society be a home even to the people whose viewpoints it was formally designed to include? To meet these questions, Tomasi argues, the boundaries of political liberal theorizing must be redrawn. Political liberalism involves more than an account of justified state coercion and the norms of democratic deliberation. Political liberalism also implies a distinctive account of nonpublic social life, one in which successful human lives must be built across the interface of personal and public values. Tomasi proposes a theory of liberal nonpublic life. To live up to their own deepest commitments to toleration and mutual respect, liberals, he insists, must now rethink their conceptions of social justice, civic education, and citizenship itself. The result is a fresh look at liberal theory and what it means for a liberal society to function well.

## Adopting the Song of Expression: An Psychological Symphony within **Beyond Justice**

In a global eaten by screens and the ceaseless chatter of immediate communication, the melodic beauty and mental symphony created by the written word usually disappear into the background, eclipsed by the persistent sound and interruptions that permeate our lives. But, set within the pages of **Beyond Justice** a charming literary treasure overflowing with fresh thoughts, lies an immersive symphony waiting to be embraced. Constructed by a masterful composer of language, this charming masterpiece conducts viewers on a mental journey, well unraveling the hidden melodies and profound influence resonating within each carefully crafted phrase. Within the depths of this poignant assessment, we can discover the book is central harmonies, analyze their enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
