Beyond Recognition Representation Power And Culture:

Beyond Recognition Craig Owens,1992 On the arts and postmodernism **Beyond Recognition: Representation, Power, and Culture** Craig Owens,1992 **Allegories of Dissent** Sharon G. Feldman,1998 Allegories of Dissent the first book devoted to the literature of Agustín Gómez Arcos is a case study of the relationship between art and oppression It positions his theater in relation to the historical trajectories of twentieth century Spanish and European drama and in so doing traces the allegorical strategies and thematic transformations that emerge in his work during the course of his radical move from censored artist to bilingual exile Gómez Arcos's threefold experience with censorship exile and bilingualism has left a lasting imprint on his literary production As he embarks on an artistic journey from censored playwright living in dictatorial Spain to bilingual exile writer residing in democratic France his gradual employment of the French language comes to allegorize his quest for freedom of expression *Critical Terms for Art History, Second Edition* Robert S. Nelson, Richard Shiff,2010-03-15 Art has always been contested terrain whether the object in question is a medieval tapestry or Duchamp's Fountain But questions about the categories of art and art history acquired increased urgency during the 1970s when new developments in critical theory and other intellectual projects dramatically transformed the discipline The first edition of *Critical Terms for Art History* both mapped and contributed to those transformations offering a spirited reassessment of the field's methods and terminology Art history as a field has kept pace with debates over globalization and other social and political issues in recent years making a second edition of this book not just timely but crucial Like its predecessor this new edition consists of essays that cover a wide variety of loaded terms in the history of art from sign to meaning ritual to commodity Each essay explains and comments on a single term discussing the issues the term raises and putting the term into practice as an interpretive framework for a specific work of art For example Richard Shiff discusses Originality in Vija Celmins's *To Fix the Image in Memory* a work made of eleven pairs of stones each consisting of one original stone and one painted bronze replica In addition to the twenty two original essays this edition includes nine new ones performance style memory monument body beauty ugliness identity visual culture visual studies and social history of art as well as new introductory material All help expand the book's scope while retaining its central goal of stimulating discussion of theoretical issues in art history and making that discussion accessible to both beginning students and senior scholars Contributors Mark Antliff Nina Athanassoglou Kallmyer Stephen Bann Homi K Bhabha Suzanne Preston Blier Michael Camille David Carrier Craig Clunas Whitney Davis Jas Elsner Ivan Gaskell Ann Gibson Charles Harrison James D Herbert Amelia Jones Wolfgang Kemp Joseph Leo Koerner Patricia Leighton Paul Mattick Jr Richard Meyer W J T Mitchell Robert S Nelson Margaret Olin William Pietz Alex Potts Donald Preziosi Lisbet Rausing Richard Shiff Terry Smith Kristine Stiles David Summers Paul Wood James E Young **Zapruder** Øyvind Vågnes,2012-08-24 Winner Peter C Rollins Book Award 2012 As the fiftieth anniversary of the Kennedy assassination approaches the traumatic aspects of the tragedy

continue to haunt our perceptions of the 1960s One reason for this lies in the home movie of the incident filmed by Abraham Zapruder a bystander who became one of the twentieth century s most important accidental documentarians The first book devoted exclusively to the topic Zapruder traces the journey of the film and its effect on the world s collective imagination Providing insightful perspective as an observer of American culture Norwegian media studies scholar yvind V gnes begins by analyzing three narratives that are projections of Zapruder s images performance group Ant Farm s video The Eternal Frame Don DeLillo s novel Underworld and an episode from Seinfeld Subsequent topics he investigates include Dealey Plaza s Sixth Floor Museum Zoran Naskovski s installation Death in Dallas assassin video games and other artifacts of the ways in which the footage has made a lasting impact on popular culture and the historical imagination V gnes also explores the role of other accidental documentarians such as those who captured scenes of 9 11 Zapruder s footage has never yielded a conclusive account of what happened in Dealey Plaza Zapruder thoroughly examines both this historical enigma and its indelible afterimages in our collective imagination

Beyond the Frame Deborah Cherry,2000 Beyond the Frame rewrites the history of Victorian art to explore the relationships between feminism and visual culture in a period of heady excitement and political struggle Artists were caught up in campaigns for women s enfranchisement education and paid work and many were drawn into controversies about sexuality This richly documented and compelling study considers painting sculpture prints photography embroidery and comic drawings as well as major styles such as Pre Raphaelitism Neo Classicism and Orientalism Drawing on critical theory and post colonial studies to analyse the links between visual media modernity and imperialism Deborah Cherry argues that visual culture and feminism were intimately connected to the relations of power

The Simple Truth Simon Morley,2020-12-15 The monochrome a single color work of art is highly ambiguous For some it epitomizes purity and is art reduced to its essence For others it is just a stunt the proverbial emperor s new clothes Why are monochrome works both so admired and such an easy target of scorn Why does a monochrome look so simple and yet is so challenging to comprehend And what is it that drives artists to create such works In this illuminating book Simon Morley unpacks the meanings of the monochrome as it has developed internationally over the twentieth century to today In doing so he also explores how artists have understood what they make how critics variously interpret it and how art is encountered by viewers
