Beyond The Intellect:

Beyond Intellect Susan McNeal Velasquez,2007-07 The author who has facilitated personal development seminars for more than three decades describes how to link intellects passion with hearts knowledge to activate intuitive wisdom

Spacetime and that Beyond Unnikrishnan Attupurath,2015-01-24 After reaching the realms of Relativity Quantum Mechanics science today is as if bouncing back on the screen created apparently by those theories Can t modern science cross over this screen and reveal further truths veiled in nature to give new directions to mankind which is ever engaged in its relentless pursuit for ultimate contentment and freedom Doesn t it owe the scientists to kindle new lights of awareness by such enquiries in the modern man now so obsessed confused feared and ruined as evident from recent mental and intellectual catastrophes witnessed in this super computer era of ours The deliberations in this text first published in December 1987 are oriented towards a breakthrough in modern scientific thought by analysing the theories hitherto available culminating in relativity and quantum mechanics It rather tries to interpret and extend the ideas inherent in these theories to the entire field of human experiences and bring forth the ultimate essence of existence In this exercise experience recognized as the fundamental basis of any scientific analysis is given pivotal importance The outcome of these deliberations brings forth a different orientation to the relationship between the experienter the individual and the universe he is experiencing It gives a new dimension to his ultimate goal and his assessment with regard to other fellow beings human as well as subhuman around which can influence him to rearrange his interactions with nature so that both the individual as well as nature can evolve simultaneously in harmony An enlarged version of these deliberations that hopefully will help to study them further in detail is under preparation **Journey Beyond: A Non-Dual Approach** Acharya Dr. Kuntimaddi Sadananda,2019-09-05

Everyone is searching for everlasting happiness Yet none can find it by pursuit at the same time none can stop the pursuit This seems to be the tragedy of human life nay the life of every being Every pursuit is limited space wise time wise and object wise Any pursuit that is limited cannot give everlasting happiness Some promise eternal happiness after death if one follows their path Yet no one has returned to claim that they achieved it by following that path One sage declares that truth is a pathless land Vedanta ascertains that the truth is beyond the space time object wise limitations and you are that truth tat tvam asi The journey beyond space and time limitations is the central theme of the discussions in this text *Beyond the Intellect* William John Gabb,1946 *The Upanishads* ,1884 **Sacred Books of the East** ,1884 *The Sacred Books of the East* ,1884 *BEYOND THE INTELLECT* Dr. Douglas M. Baker,2014-04-15 *BEYOND THE INTELLECT* Western culture exalts the function and importance of the intellect Modern man reacts to the problems generated by a society increasingly complex by trying to refine and develop our intellectual tools to gain the answers Knowledge gained via the intellect can only be of the external or not self For answers pertaining to the internal or one Self we must go beyond the intellect This masterly written book is likely one of Dr Baker s most valuable gifts to all those seeking contact with their Soul or Higher Self This

major work is to facilitate step by step unfoldment from individuality to group awareness from unconscious activity to conscious cooperation with your Higher Self and its purpose for you the personality In today s language aided by much personal experience and education Dr Baker explains the most abstruse esoteric subjects with a fantastic clarity that everybody will benefit from He leads us beyond the intellect into the world of archetypes myths and the meaning of intuition Detailed instructions are given on methods to establish a dialogue with the Self through which we can approach the Fifth Kingdom that of the Soul located beyond the intellect Seventy five images charts and drawings many in color will aid your understanding of this vast subject Foreword Introduction is given by Count D Angerville
