ВЕСТФАЛЬСКИЙ МИР И ЕГО ПРИНЦИПЫ ВЧЕРА И СЕГОДНЯ

Саямов Ю. Н.*

Автор обращается к истории Вестфальского мира, завершившего Тридцатилетнюю войну в Европе и создавшего Вестфальскую систему международных отношений, прослеживая эволюцию последней и анализируя ее принципы и значение применительно к современности. В статье рассматриваются разные точки зрения на возникновение Вестфальской системы международных отношений и ее последующую эволюцию. Отмечается, что в то время как одни продолжают считать принципы Вестфальского мира эталоном отношений между государствами, другие утверждают, что глобализация привела к размыванию суверенитета государств и вместе с этим – к кризису международных отношений на Вестфальских принципах, на смену которым должны прийти некие другие. Однако эти принципы, в частности, принципы национального суверенитета и равноправия государств, получившие с течением времени глобальное распространение, остаются основой международных отношений до настоящего времени.

Ключевые слова: Тридцатилетняя война, Вестфальский мир, суверенитет, Вестфальская система международных отношений.

The author appeals to the history of the Peace of Westphalia which concluded the Thirty Years War in Europe and established the Westphalian system of international relations while tracing its evolution and analyzing its principles and meaning as applied to the present time. Different views on the emergence of the Westphalian system of international relations and its subsequent evolution are considered in the article. It is shown that while some researchers are regarding the Westphalian principles as a model of relations between states, others are convinced that the globalization has led to a dilution of the states' sovereignty and, at the same time, to the crisis of international relations based on the Westphalian principles which should be replaced by some others. However, the Westphalian principles, in particular, the principles of the national sovereignty and equality of states having been globalized in the course of time and remain to be a foundation of international relations till now.

Keywords: Thirty Years' War, Peace of Westphalia, sovereignty, Westphalian system of international relations.
