*A Biafran Odyssey* Chidi Giniji, 2005-03 At the turn of the year 1966 Nigeria was thrown into an awful turmoil by a military coup that exacerbated the existing but cryptic ethnic resentments precipitating the hostile environments which necessitated the secession of Biafra and a year later ushered in a bloody three year war A Biafran Odyssey is the story of a Biafran youngster Chidi who convinced about the unequivocal legitimacy of Biafra's claim to self determination left home to join the army but returned two years later at the end of the war with many unanswered questions and a sobering notion about his world Chidi tells his story of Biafra the way it was never told featuring the emotional vagaries to which his comrades and himself were subjected to their woes their cries and ironically their laughs too revealing some of the weird aspects of one of the most brutal ethnic conflicts of post colonial Africa With short poems and love scenes like the short lived affair between himself and Bernadette Chidi portrays without being too salacious albeit unique with African stories some of the discomfits of transforming from adolescent into adulthood on a fast lane [The Caged Bird Sang No More: My Biafra Odyssey, 1966 1970](#) Philip Efiog, 2016-03-31 This is Philip Efiog's account of the Nigeria Biafra Civil War 1967-70 He was a key player during the event and second in command to the Biafran leader General Chukwuemeka Odumegwu Ojukwu The story begins with the coup d'etats of January and July 1966 and recounts ensuing ethnic and regional conflicts After the first coup Efiog is posted to State House as Principal Staff Officer and then to Kaduna as Acting Commander of the First Brigade But the second coup is executed shortly after and he is forced to escape from Kaduna following a failed attempt on his life He makes his way back to the East where he also relocates his family after officers have been directed by the new military government to return to their regions of origin Efiog is in Enugu when talks break down between the new military head of state then Lieutenant Colonel Yakubu Gowon and the Governor of the Eastern Region Lieutenant Colonel Ojukwu The result is a declaration of secession by the Eastern Region Biafra which leads to the outbreak of war in July 1967 In Biafra after holding a number of positions Efiog ends up as Chief of General Staff and second in command to the Biafran leader With each incursion and onslaught by the enemy the author moves his family to a new town or village until they arrive in Owerri their last place of refuge before Biafra's collapse Ojukwu then flees and hands over power to Efiog who performs the final task of leading a delegation to Lagos to negotiate peace and deliver Biafra's surrender The war formally comes to an end on 15 January 1970 after which former Biafran officers including Efiog receive punishments ranging from dismissal to imprisonment **A History of the Republic of Biafra** Samuel Fury Childs Daly, 2020-08-27 An accessible study demonstrating how the conditions of the Nigerian Civil War paved the way for the country's long experience of crime **The Biafran War and Postcolonial Humanitarianism** Lasse Heerten, 2017-09-28 A global history of Biafra providing a new explanation for the ascendance of humanitarianism in a postcolonial world *Biafra's War 1967-1970* Al J. Venter, 2016-02-19 Almost half a century has passed since the Nigerian Civil War ended But memories die hard because a

million or more people perished in that internecine struggle the majority women and children who were starved to death Biafra's war was modern Africa's first extended conflict It lasted almost three years and was based largely on ethnic by inference tribal grounds It involved on the one side a largely Christian or animist southeastern quadrant of Nigeria which called itself Biafra pitted militarily against the country's more populous and preponderant Islamic north These divisions almost always brutal persist Not a week goes by without reports coming in of Christian communities or individuals persecuted by Islamic zealots It was also a conflict that saw significant Cold War involvement the Soviets and Britain siding and supplying Federal Nigeria with weapons aircraft and expertise and several Western states Portugal South Africa and France especially providing clandestine help to the rebel state For that reason alone this book is an important contribution towards understanding Nigeria's ethnic divisions which are no better today than they were then Biafra was the first of a series of religious wars that threaten to engulf much of Africa Similar conflicts have recently taken place in the Ivory Coast Kenya Southern Sudan the Central African Republic Senegal Cassamance both Congo Republics and elsewhere As the war progressed Biafra also attracted mercenary involvement many of whom arriving from the Congo which had already seen much turmoil Western pilots were hired by Lagos and they flew the first Soviet MiG 17 jet fighters to have played an active role in a Western war Al Venter spent time covering this struggle He left the rebel enclave in December 1969 only weeks before it ended and claims the distinction of being the only foreign correspondent to have been rocketed by both sides first by Biafra's tiny Swedish built Minicon fighter planes while he was on a ship lying at anchor in Warri harbour and thereafter by MiG jets flown by mercenaries Among his colleagues inside the beleaguered territory were the celebrated Italian photographer Romano Cagnoni as well as Frederick Forsyth who originally reported for the BBC and then resigned because of the partisan pro Nigerian stance taken by Whitehall He briefly shared quarters with French photographer Giles Caron who was later killed in Cambodia Prior to that Venter had been working for John Holt in Lagos It is interesting that his office at the time was at Ikeja International Airport Murtala Muhammed today where the second Nigerian army mutiny was plotted and from where it was launched From this perspective he had a proverbial ringside seat of the tribal divisions that followed as hostilities escalated Venter took numerous photos while on this West African assignment both in Nigeria while he was based there and later in Biafra itself Others come from various sources including some from the same mercenary pilots who originally targeted him from the air

**Governance in Nigeria post-1999: Revisiting the democratic 'new dawn' of the Fourth Republic** Edited by Romola Adeola & Ademola Oluborode Jegede, 2020-03-06 At the start of Nigeria's Fourth Republic on 29 May 1999 there was great optimism as to the emergence of a new democratic future representing a significant break from the political undulations of the past Two decades and four presidential epochs later there is a prevalent question as to how well Nigeria has fared in governance and human rights post 1999 This book revisits the democratic new dawn of the Fourth Republic discussing pertinent matters integral to Nigeria's democratic future post 2019

*Biafra Genocide* Al J. Venter, 2018-08-30 One of the great tragedies of Africa is not only the fact that a million people mostly civilians and a large proportion of them children died in one of Africa's first post independence wars but that until it happened the world thought Nigeria was immune from the wasting disease of tribalism It certainly was not because the Biafran War is still the most expansive tribal conflagration that the continent has experienced barring perhaps the ongoing Great Lakes conflict involving the forces of East and West only this time with the British siding with the Soviets Worse some of the religious differences that emerged before and after that dreadful carnage are still with us today During the course of hostilities that lasted almost four years a lot of other shortcomings surfaced in Africa's most populous nation including the kind of corruption that until then had always been linked to countries rich in oil Disunity incompetence and instability from which Nigeria never really recovered also emerged Two bloody army coups followed after the rebels capitulated together with an appalling series of massacres mostly of southern Christians by Muslim northerners Half a century later the slaughter continues
