Historia constitucional de la República Argentina Emilio Ravignani,1926 **Crime and the Administration of Justice in Buenos Aires, 1785-1853** ,2006-01-01 Crime and the Administration of Justice in Buenos Aires 1785 1853 analyzes the emergence of the criminal justice system in modern Argentina focusing on the city of Buenos Aires as a case study It concentrates on the formative period of the postcolonial penal system from the installation of the second Audiencia the

superior justice tribunal in the viceroyalty of R o de la Plata in 1785 to the promulgation of the Argentine national constitution in 1853 when a new phase of interregional organization and codification began Through analysis of criminal cases Barreneche shows how different interpretations of liberalism the changing roles of the new police and the military and the institutionalization of education all contributed to the debate on penal reform during Argentina s transition from colony to state Only through understanding the historical development of legal and criminal procedures can contemporary social scientists come to grips with the struggle between democracy and authoritarianism in modern Argentina
