Dependence In Man:

Dependence in Man Henri Parens, Leon Joseph Saul, 2019-07-09 This book provides an outline of the phenomenon of dependence as a reality in psychological functioning It presents clinical examples to show how defense mechanisms are mobilized in response to what the individual conceives of as a threat to his autonomy and separateness [Scribner's Magazine](#) Edward Livermore Burlingame, Robert Bridges, Alfred Sheppard Dashiell, Harlan Logan, 1890 [Man Primeval, Or, The Constitution and Primitive Condition of the Human Being](#) John Harris, 1852 **The Political Philosophy of Francis Bacon** Tom van Malssen, 2014-11-19 An ambitious and radically original reading of philosopher Francis Bacon Comprehensive in its ambitions and meticulous in its approach The Political Philosophy of Francis Bacon is a new and unique interpretation of one of early modernity's more important thinkers Whereas recent works on Bacon tend to confine themselves either to interpreting his historical context or to considering the founder of Baconianism from the perspective of one work in particular or the history of science in general Tom van Malssen argues through detailed and provocative interpretations of a number of Baconian writings that the unity of Bacon's thought can only be revealed if these writings are read in historical and philosophical conjunction as well as on the assumption that they are all somehow part of the whole of Bacon's political philosophy In addition to restoring Bacon to the pantheon of great philosophers van Malssen demonstrates that a proper understanding of Bacon's political philosophy contributes significantly to our understanding of the nature of philanthropic science the modern project and ultimately ourselves This book will become an enduring pillar of our understanding of Bacon's philosophy The scholarship and mastery of the historical sources both philosophic and Biblical are brilliant Jerry Weinberger author of *Science Faith and Politics Francis Bacon and the Utopian Roots of the Modern Age* A Commentary on Bacon's *Advancement of Learning* The scholarship of Bacon in this book is masterful It should transform and deepen the field the field being the nature and history of the philosophic life This is arguably the most thoughtful penetrating and ultimately revealing book on Bacon ever written Svetozar Minkov author of *Francis Bacon's Inquiry Touching Human Nature Virtue Philosophy and the Relief of Man's Estate* **From Solomon to the Captivity** David Gregg, Lewis Ward Mudge, 1890 [American Masculinities in Contemporary Documentary Film](#) Sara Martín, 2023-05-24 Most documentaries deal with men but what do they actually say about masculinity In this groundbreaking volume Sara Mart n analyses more than forty 21st century documentaries to explore how they represent American men and masculinity From Jennifer Siebel Newsom's *The Mask You Live In* to Raoul Peck's *I Am Not Your Negro* this volume explores sixteen different faces of American masculinity the good man the activist the politician the whistleblower the criminal the sexual abuser the wrongly accused the dependent man the soldier the capitalist the adventurer the sportsman the architect the photographer the musician and the writer The collective portrait drawn by the documentaries discloses a firm critical stance against the contradictions inherent in patriarchy which makes American men promises of empowerment it cannot fulfill The filmmakers

view of American masculinity emphasizes the vulnerability of disempowered men before the abuses of the patriarchal system run by hegemonic men and a loss of bearings about how to be a man after the impact of feminism accompanied nonetheless by a celebration of resilient masculinity and of the good American man Firmly positioning documentaries as an immensely flexible relevant tool to understand 21st century American men and masculinity their past present and future this book will interest students and scholars of film studies documentary film American cultural studies gender and masculinity

Immanuel Kant Arsenij Gulyga, 2012-12-06 Life and work of a philosopher cannot be unravelled into separate strands The true events of such a life are only thoughts Kant has no other biography than the history of his thought He lived most of

his life in one city Königsberg and never ventured beyond the frontiers of East Prussia. He did not seek fame, he did not gain power, neither in living nor in loving did he encounter turbulence. He never married. Outwardly Kant's life ran smoothly and uniformly. Perhaps it was more monotonous than the lives of other philosophers. That could not be said of the inner life, the life of the mind. There everything was wondrously alive. Daring ideas came into being, gathered strength, clashed with other ideas, yielded ground or ripened in the strife. Kant's thought roamed the continents, pushed beyond the confines of the earth, strove to the farthest reaches of the universe. His thought, Immanuel Kant delved deeply into the human soul in order to know itself. It was intense and dramatic. Almost all methods of modern philosophical enquiry are rooted in Kant. His ideas have undergone change but they live on. A knowledge of Kant's philosophy is a good introduction to the study of philosophy in general. He teaches us to think independently.
