Dependent People:

The Gender and Psychology Reader Blythe Clinchy, Julie K Norem, 1998-04 Touches upon most of the significant and controversial underlying issues involved in the study of gender including methodological issues The selections included range from research summaries on particular topics e g gender differences in emotion to work on development of gendered self concepts to discussion of psychology s ambivalence about the study of difference and its failure to systematically consider race ethnicity and class The concluding chapter considers unifying themes gaps in current perspectives and future directions Annotation copyrighted by Book News Inc Portland OR

Poverty and Policy in American History Michael B. Katz, 2013-09-03 Poverty and Policy in American History is about people who needed help in the nineteenth and early twentieth centuries It is about the ways in which the perception of poverty and other forms of dependence affected the development of public programs and the conduct of voluntary reform It also about the ways in which people have written about welfare The book contains three chapters and opens with a description of the life and death of a poor family in early twentieth century Philadelphia based on case records It attempts to show many of the themes in the lives of the poor through the close analysis of one extended example The second chapter moves back in time and consists of four case studies drawn from the project s empirical research The first case study takes up the history of a neglected institution the poorhouse The second case reports on a survey of the causes of pauperism undertaken by the New York Board of State Charities in the mid 1870s The third case analyzes a sample of the seven special schedules of the 1880 U S census which enumerated the defective dependent and delinquent population The final case uses a register of tramps from various places in New York State during the mid 1870s to assess the relation between popular images of tramps and what appeared to be their actual characteristics The third chapter uses the results of the project s research and other recent work on related topics to examine American historical writing about dependence as a field and offers a sympathetic critique [Social Vulnerability in Europe](#) Costanzo Ranci, 2009-11-30 This book explores the dimensions and characteristics of social vulnerability in Western Europe It provides a broad empirical foundation for recent theories on the emergence of new social risks in post industrial societies revealing to what extent social risks are compromising the normal functioning of the European population

When Money Is Not Enough Eileen R. Hannegan, 2011-12-13

When personality clashes and ego battles predominate the workplace no amount of money in the world is enough to justify continued employment In an age when Americans spend more than half their waking hours either at work or performing a function related to work it is important that the workplace be a healthy community rather than a chaotic battleground When Money Is Not Enough offers the premise that work can indeed enhance our lives as well as pay the bills The book is neither pro employer nor pro employee in its approach Instead it encourages increasing interdependency among all staff members to create a healthy work environment Author Eileen R Hannegan MS says that approaching the workplace as a community or healthy family is the key to resolving work related problems

Poor Reception Barrie Gunter, 1987 First Published in 1990 Routledge is an imprint of Taylor Francis an informa company Justice and Power in Sociolegal Studies Bryant G. Garth, Austin Sarat, 1998 Justice and Power in the Sociolegal Studies asks what interdisciplinary work in the law and society tradition tells us about the relationship of law and justice as well as the way power operates in and through law The fundamental concepts of justice and power provide points of departure for leading scholars to explore the various domains of socio legal research As they note the explicitness of the engagement with issues of power and the relative silence about or indirectness in taking on questions of justice found in most

law and society research they ask how engagement with issues of power and silence about justice constituted law and society as a research field caught between a desire to have political impact and at the same time to maintain its scientific respectability
