

In the Depths of Solitude

By Tupac (2Pac) Shakur

I exist in the depths of solitude
pondering my true goal
Trying 2 find peace of mind
and still preserve my soul
CONSTANTLY yearning 2 be accepted
and from all receive respect
Never compromising but sometimes risky
and that is my only regret
A young heart with an old soul
how can there be peace
how can I be in the depths of solitude
when there R 2 inside of me
This Duo within me causes
the perfect opportunity
2 learn and live twice as fast
as those who accept simplicity

You can be lonely sitting in the quiet of your home in the still of an afternoon park or even when surrounded by throngs of people on a busy street. One need only turn on the radio to hear a crooner telling us just how lonesome we can be. In this groundbreaking book philosopher Lars Svendsen confronts loneliness head on investigating both the negative and positive sides of this most human of emotions. Drawing on the latest research in philosophy psychology and the social sciences *A Philosophy of Loneliness* explores the different kinds of loneliness and examines the psychological and social characteristics that dispose people to them. Svendsen looks at the importance of friendship and love and he examines how loneliness can impact our quality of life and affect our physical and mental health. In a provocative move he also argues that the main problem in our modern society is not that we have too much loneliness but rather too little solitude and he looks to those moments when our loneliness can actually tell us profound things about ourselves and our place in the world. The result is a fascinating book about a complex and deeply meaningful part of our very
