Guy de Pourtales

Der Blaue Klang:

Der blaue Klang Rainer Kern, Hans-Jürgen Linde, Wolfgang Sandner, 2010 Chopin, Ou Le Poète. Der Blaue Klang. Friedrich Chopins Leben. Deutsch Von Hermann Fauler. With a Portrait. Guy de POURTALÈS, Frédéric Chopin, Hermann FAULER, 1928 Collaborative Form Thomas Jensen Hines, 1991 Collaborative Form attempts to show the nature and limits of works of art that are made up of two or more artistic forms The first task of this book is to analyze and interpret a set of such combinations Each chapter treats one collaborative work and attempts to show that the principles of collaboration are the same whether the components are poetry and graphic works as in *Lettera Amoroza* by Rene Char and George Braque poetry and music as in *Herzgewachse* by Maurice Maeterlinck and Arnold Schoenberg or more complex sets that include painting music dance lighting and drama as in *Der gelbe Klang* by Wassily Kandinsky *Morder Hoffnung der frauen* by Oskar Kokoschka and *Triad* by Alwin Nikolais Hines breaks down disciplinary barriers and then emphasizes the effects of the interactions between the arts The first step in methodology is that of refusing to make a priori commitments to the critical methodologies of the arts involved Each art is treated from its own perspective and each interpretation attends to interactions of the arts rather than to the contribution of any one art Once the collaborative works are examined the book shows that such works are similar to other art forms They obey the laws of temporal necessity non addition multiple interpretation and unity that any poem painting or musical composition might be said to obey Unlike other arts though collaborative forms are unique examples of the combinative effects of the arts In the process of interpreting individual works and attempting to summarize this form we are forced to see beyond the conventions of the constituent arts Modernism - Dada - Postmodernism Richard Sheppard, 2000 Modernism Dada Postmodernism collects updates integrates and contextualizes the critic Richard Sheppard s essays on the historical avant garde Sheppard s topic in all of these essays is the modernist writers artists and philosophers linguistic and visual responses to a changed sense of reality and human nature Beginning with an overview of the problematics of European modernism Sheppard establishes the dialectical relationship between the cultural crisis that occurred during the period 1880 1936 and the different responses from European modernists and the avant garde With its combination of classic and new essays and its perspective on the theoretical avant garde modernism debate in the United States Sheppard s volume should give the specialist as well as the general reader an insight into the highest sample of European scholarly discourse on this subject **Writing Between the Lines** Eric Robertson, 2023-12-11 This book is the first major study in English of Ren Schickele s work Hailed by his contemporaries as one of the foremost German language novelists of the inter war period and celebrated for his Expressionist poetry and his controversial First World War drama *Hans im Schnakenloch* Schickele also produced socio critical essays and pioneering editorial work for the pacifist journal *Die Wei en Bl tter* From his literary d butts in fin de si cle Strasbourg to the French and German prose fiction of his anti Nazi exile Schickele s work reflects his bilingual bicultural upbringing his vision of Alsace as

a symbolic broker of Franco German peace finds its clearest expression in the trilogy of novels *Das Erbe am Rhein* Schickele remains a paradoxical figure in his own words a citizen fran ais und deutscher Dichter French citizen and German poet Through readings of all the major texts Eric Robertson s study situates Schickele s work within its socio political and historical context Particular attention is paid to the personal and political implications of his adoption of German as literary idiom and his reversion to the French mother tongue during the 1930s Schickele s copious diaries and his correspondence with fellow writers including Thomas Mann Heinrich Mann and Stefan Zweig are shown to be especially revealing Schickele s uvre holds a unique and hitherto underrated place in the European writing of his era **Munich and Theatrical**
