Erratic Expressions Derek Cross,2023-05-25 Take a poetic odyssey through expression trauma desire and self discovery Erratic Expressions is a contemplation of how creativity and the arts can be used as a medium for self expression connection and eventual self actualization In this poetic tour de force the author begins with an explicit invitation to actively engage with his contemplations and by extension the author himself Through the journey the poems take a turn to a near hopeless acceptance that things may never change Yet despite all the fear trauma and self hatred the work coalesces into a cathartic resolution of healing and an authentic revelation of self during which the author writes directly to the audience his own mind and various muses and personifications of his desire and demons all the while confronting the dichotomy of wanting to directly connect with people but being unable to do so without the veil of poetry
